# Assessed Valuation Shoots Up—But So Do Tax Bills!

Property assessment increases in the millions of dollars—that is what was summarized by county assessor C. L. Dunklee, in a letter to the board of supervisors Monday.

And the figures show why many Lafayette, Orinda, Moraga and surrounding area property owners have been gnashing their teeth during the past few weeks.

Higher valuation placed on property is not exactly the same as higher taxes. But there is a pretty strong connection, most people feel, although "equaliza-

tion" of the tax load is the assessor's announced goal.

**THE FIGURES** are not so extreme in the Walnut Creek, Pleasant Hill and Concord areas, since the general county re-assessment program was completed more than a year ago. The current increases are only comparisons of this year and last year.

But still Walnut Creek's valuations are up, due to an increase in the city's size, and new developments.

One big factor for Walnut Creek, the sale of the California Water

Service Company, reduced its assessment total by about \$2 million, according to Dunklee.

Dunklee indicates that Orinda's net county assessed value (after exemption) is \$33,059,165—a whopping increase of some \$8,874,135 over last year.

**LAFAYETTE** felt the hammer, also.

Its net county assessed value is \$39,092,890—an increase of \$8,395,265.

And Moraga's assessed value is now almost twice what it was last

year. This year: \$5,561,835; last year: \$3,422,040.

The figures are computed according to school district boundaries.

**STRICTLY** within the City of Walnut Creek, the total after exemptions, is \$25,877,165, an increase of \$2,907,845.

Add all the land within the Walnut Creek School District, and you add another total of \$19,723,180 to that, and another increase from last year of \$513,880.

The re-assessment program has not been completed in the Alamo,

Danville, San Ramon area, and the figures do not reflect re-assessment, only increases due to new development.

Alamo total: \$8,633,610, an increase of \$1,356,400; Danville total: \$13,154,995, an increase of \$790,730; San Ramon total: \$2,859,075, an increase of \$223,965.

**CANYON'S** increase was small—\$3,970—but its net total is also small—\$209,920.

Concord had a noticeable increase in net total, although its re-assessment program was not

reflected this year, since it had been recorded the year before.

However, Concord's vigorous annexation policy brought many valuable areas within its boundaries during the last year, upping its total to \$41,930,150. The increase was \$6,868,405.

For the entire county, the net total is \$734,734,220—and the utilities rolls to be reported by the State Board of Equalization will bring that figure up to more than \$900 million.

**THE YEAR'S** increase for the

entire county is some \$62 million, excluding the utility increases, which presumably will add to the total.

Dunklee, in his report, pointed to a trend where the entire county is becoming a bedroom community.

He said, "... In general, residential properties bring in far less revenue in the form of property taxes than the amount spent to service them.

"The difference between tax income and expenditures must be

made up by commercial and industrial enterprises since they require less service per \$1 of assessed value."

**DUNKLEE** also said that in the county, "Nearly all areas in which there is an industrial concentration have grown substantially in value."

And he optimistically adds, "In my opinion, Contra Costa County will enjoy the location of new industry as well as end up with the largest oil refineries, steel mills, chemicals and heavy construction outfits on the west coast."

## County Tax Rate Going up 7 Cents

### Libraries Get 3 Cents, Basic Rate Gets 4 Cents

A preliminary tax rate of \$2.238 was adopted Tuesday by the County Board of Supervisors.

This is an increase of four cents over the current year's rate of \$2.198.

The supervisors also preliminarily adopted a 15.9 cent tax rate for county public libraries (excluding Richmond).

**THIS** is an increase of about three cents from last year's 12.9 cent tax for libraries.

Total increase: seven cents per \$100 assessed valuation.

The new basic tax rate will help support a 1961-62 preliminary budget of \$41,166,723, adopted by the supervisors.

The new library budget, some \$1,329,629, reflects the fact that the new library headquarters in Pleasant Hill is ready for use, and eight new branch libraries are opening or will soon.

**ALL THESE** figures are subject to adjustment when the State Board of Equalization releases its utility assessment figures, said county administrator J. P. McBrien.

A favorable factor is that McBrien's original assessment estimate, the basis of his figures, is lower than those submitted this week by assessor C. L. Dunklee. McBrien had estimated an assessment increase of some \$56 million, but Dunklee's figure is \$61 million. (See separate story.)

This plus a higher utility assessment from the state board might possibly cut the tax rate some two cents, McBrien told The Sun.

**THE SUPERVISORS** will probably set the public hearing on the budget next week. The third week in August is probable.

The budget may be adopted then. The deadline is September 1.

The new \$41 million budget, although higher than the current year's \$38,802,725, is some \$7 million lower than the budget as it stood before the whittling and paring began, according to McBrien.

Original requests totaled \$48,264,746.

**THE BASIC** tax rate, without whittling, would have amounted to about \$3 per \$100 assessed valuation, McBrien said.

McBrien then outlined the various reduction efforts, which included his own which cut the tax rate to \$2.41.

He said, "At this point, it was the opinion of my office that no further reductions were feasible unless a policy decision was made to take calculated risks in terms of operating and project needs."

McBrien said he cut the number of requested new positions from 200 to 106, and that figure later dropped to 68, after supervisors' discussion.

**SOME OF** the reductions: Sheriff's Department, 46 to 9; Social Service, 39 to 11; County Hospital, 29 to 11; Health Department, 14 to none; Probation Department, 17 to 5.

Earlier discussion about a possible \$20 million bond issue, was reinforced by McBrien.

He said in his report to supervisors, "The capital outlay program has been reduced in many cases to the point of obliteration, despite the urgent need for roads, buildings and parks."

He continued, "In my opinion it has become crystal clear that the county capital improvement needs will not be met on a pay-as-you-go basis, and I recommend to you that early consideration be given to placing before the electorate the proposition of issuing bonds to finance critical road building and parks."

**MCBRIEN ALSO** said the sharp reductions in appropriations involve calculated risks, especially in the welfare and storm drainage categories.

An unappropriated reserve of not less than \$650,000 must be carried over to next year to cover such risks. The law allows more than \$4 million for such a purpose.

If state aid is available for the county hospital rehabilitation program, the above budget will not be affected. But if the county program continues without state aid, another two cents may be added to the tax.

McBrien concluded, "It should be obvious to the public that the over-all prospects of tax reductions are poor because many taxing jurisdictions (not under your control) have not found it possible to hold their tax rates at or close to the level of last year."

**"IN THIS** connection, I wish to emphasize that the county proportion of property tax revenues will probably be about the same or less than last year, about 25 per cent, and the other political entities will receive the far greater share, about 75 per cent."

McBrien noted that the supervisors have received budgets for 83 county special districts.

Their total is \$9,621,223, which is an increase of some \$1,734,929.

Biggest single increase is for the County Flood Control and Water Conservation District, its seven zones and the North Walnut Creek Emergency Flood Control Project.

**THE TOTAL** is \$5,763,993, an increase of some \$1,359,832.

These jurisdictions include fire protection districts, highway lighting and parking districts.

The 17 fire protection districts' total is \$2,932,031, an increase of some \$313,782.

### Orinda Doctor Receives Grant For \$40,500

A grant of \$40,500 has been made to Dr. A. James McAdams of 10 Oak Drive, Orinda, pediatric pathologist of Children's Hospital of the East Bay, Oakland, for a research study on anoxic brain damage, a condition which results when there is a diminished supply of oxygen to the tissues and which may prove to be an important factor in the causes of cerebral palsy.

The grant, to cover a two-year period, has been made by the National Institutes of Health of the U.S. Department of Health, Education and Welfare.

**IF THE** tissues are deprived of a fresh supply of oxygen, irreversible damage of nervous tissue may result. Still most children with congenital heart disease may have very low oxygen levels in their blood and yet have no nervous system damage. The investigators suspect the maintenance of circulation is the significant factor responsible for this phenomenon, Dr. McAdams states.

In conditions such as birth anoxia (oxygen supply shut off during the birth process), cardiac arrest, and the shock seen in states of severe dehydration (example, in severe diarrhea), the catastrophic nature of the brain damage which has been attributed to lack of oxygen may be primarily the result of circulatory failure during which blood flow to the brain is reduced.

**THE PRECISE MANNER** in which brain damage results following anoxia is poorly understood, Dr. McAdams states. Yet one of the important problems in pediatrics has been brain-damaged children who appear to have a problem dating from a period when the oxygen supply to the brain was cut off or severely diminished.

The long-term goal of the study is the recognition of critical factors in the development of acute anoxic brain damage.

Dr. Arild E. Hansen is research director of Children's Hospital of the East Bay.

### Question: Should Taxpayers Be Always Militant?

"Many citizens are inclined to think that taxpayers' associations should be militant and deal roughly with public officials in financial matters," says the Taxpayers' Budget Analysis Handbook, recently prepared by the County Taxpayers Association.

Not so, it continues.

The handbook, signed by Harry Morrison, Jr., executive director, says "There is sometimes a place for such an approach, but in actual practice the money involved in such actions is less than the large sums involved in the multitude of small decisions on budget items for mandatory expenditures."

**"MILITANCY** may jeopardize working relationships." "Best results are gained in these areas by maintaining uniform good humor, dignity and respect for the public officials side of the picture."

Morrison's handbook also explains how the benefits of a lot of work and tight budgeting can be lost in a crucial moment.

**AND IT** explains why often officials succumb to the temptation of that moment.

It said, "It is possible to conserve a lot of money by tight budgeting all down the line through the operating departments and other types of budgets, only to lose all the ground gained on capital outlay."

"This is because some officials look on the capital outlay account as a balancing item which may be trimmed up or down depending on conditions."

"If substantial surpluses have accrued during the fiscal year... or assessed valuation has risen substantially, officials are sometimes tempted to put considerable money into capital outlay in order to keep the tax rate for the forthcoming year at about the same point that it stood during the current year."

"... **MANY** officials regard a widely fluctuating tax rate as risky and undesirable."

"They are not opposed to having the tax rate go down but they know that when it goes up again, taxpayers will complain."

(Editor's note: County Administrator J. P. McBrien has said that "obliteration" of the county's capital outlay program this year is not enough to lower the tax rate.)

Continued the handbook, "Local citizens have the right and the duty to say whether current variations in the financial situation should provide them tax reduction or acceleration of capital outlay programs..."

**THE HANDBOOK** also discusses the procedures of budget preparation, the taxpayer's participation, road financing, reserve cash and the "delinquency factor."

The handbook concludes: "... the taxpayer has just cause to speak his piece."

"Governments exist for the performance of services only. They do not create one dollar of new wealth."

"Every dollar the counties, cities, schools or special districts unnecessarily take out of the economy weakens it. Dollars better spent dollars when productively employed by industry."

"But when siphoned off as taxation they reduce the means for production of new wealth..."

## ORINDA SUN

# Estimated School Tax up 14 Cents

**MIRAMONTE SWIM TEAM** is all smiles as the youngsters show their ribbons for Sun Photographer Lee Taylor after their first meet last Saturday. ### Owner Seeks Return of Silver Coin Collection

A coin collection, face value of more than \$700 was taken from the home of Mrs. Raley Wiles of 3 Diablo Circle sometime between June 17 and June 26 when the family was away on vacation.

Mrs. Wiles this week sought the help of The Sun in recovering the collection, which she has had for 25 years. Detectives are working on the case, she said, but because of the nature of the collection, she asked that parents as well as banks and businesses be alerted to watch for the coins.

**THE COLLECTION** is composed of silver dollars and quarters. The dollars, according to Mrs. Wiles, date back to 1878. There is no particular difference in the collection's dollars from any silver dollar except for the dates, many of which are in the 1800's.

The collection of quarters contains many Morgan quarters with dates starting in 1892. The quarters were in a coin collector's book and the dollars were in three leather volumes.

Mrs. Wiles believes the theft was committed by teen age boys. "Entry was made through the bathroom window," she said, "and it took considerable strength to open the window after breaking it. The house was not ransacked and the only things stolen were the coin collection and a box containing a cash and personal items belonging to my son."

**IN ADDITION** to other personal items, Mrs. Wiles said her son particularly regretted the loss of his National Honor Society pin.

Because of the sentimental value of the missing items, Mrs. Wiles is offering a \$100 reward for the return of the collection or for information that leads to the return of the coins.

If the collection has been dispersed, Mrs. Wiles said she would pay double the face value of any coins returned separately. She added she would pay the reward without asking questions.

Anyone with any information regarding the missing coins may call Mrs. Wiles at AT 3-2239.

### J. G. Ainsworth Elected School Board President

J. Gordon Ainsworth of 73 La Cuesta was elected president, Board of Trustees, Orinda Union School District at board meeting Saturday at Pine Grove School.

Ainsworth was re-elected to the board at the district election held April 18. He is now serving his second term with the board, which will run for four years.

Mrs. Ruth Gilwee was elected clerk, serving in this capacity for the third term. Mrs. Gretchen Howe took her position as trustee. Mrs. Howe was elected to serve on the board in April.

The next meeting of the board will be Monday at Pine Grove School at 7:30 p.m.

### County Health Clinic in PH Tuesday, 2 p.m.

The next County Health Department immunization clinic for the Pleasant Hill area will be held at the Community Baptist Church, 924 Pleasant Hill Road, from 2 to 4:45 p.m. Tuesday for all persons who have difficulty obtaining these services privately.

For information about the clinic phone YE 5-4510.

The Health Department does not keep records of each individual's immunizations and recommends that these be kept by the person or his family.

Polio vaccinations, immunizations for diphtheria-tetanus, whooping cough and smallpox are available at the immunization clinic.

Those 13 years of age and under must be accompanied by a parent or guardian and those 14 to 21 must have a Health Department consent form signed by their parent or guardian.

### Figure May Drop Before Budget Final in August

An estimated 14 cent increase in the operating tax for the Orinda Union School District may be required if the district's budget stands as approved by the trustees last week at \$1,684,578, according to James Jentges, district superintendent for business service.

However, Jentges added that the \$2.51 rate per \$100 assessed valuation may be reduced by a change in estimated income factors which will be known prior to the county's setting the tax rate and the budget is made final at a public hearing before the Orinda board August 7.

**JENTGES** explained that all known sources of revenue are subtracted from the total budget. The difference remaining must come from taxes. Some of the "known factors" this year were less than those of last year; some are due to change due to legislation now pending.

The current budget will require \$800,000 from taxes as it now stands, but this amount may decrease before the budget is final due to the possible changes in the income factors. For example, Jentges explained, when the income was figured the assessed valuation of the Orinda School District was not known. This figure, released last week, is \$3,059,165.

**THE SCHOOL** district is permitted to take 90 per cent of this figure, which then becomes one of the "known income factors." State apportionment decreases with a district's ability to pay and Jentges added that the district might lose as much as \$47,000 in ADA because of inability to pay.

Another source of district income which might reduce the tax rate figure, according to Jentges, will be the state board assessment on public utilities.

Although the estimated operating tax rate is up 14 cents from last year's \$2.37 per \$100 assessed valuation, it is still below the original rate estimated to meet the needs of the preliminary budget. The drop of 23 cents from the original estimated figure is due, according to Jentges, to the increased assessed valuation of the district.

Jentges added that more than half the district's revenue will come from local taxes for the first time in many years.

### Daylight Burglars Hit Orinda, Lafayette Homes

Ten burglaries were reported in the past week to sheriff's deputies at the Lafayette sub station. Two Orinda homes were burglarized last Thursday afternoon while the occupants were out for a few hours.

Valuables, furs and jewelry worth several thousand dollars were taken in the two burglaries. Last Friday a Lafayette home was burglarized, also in the daytime. Two fur coats and other valuables were taken.

Marjorie Fenton of 65 Van Ripper Lane, Orinda, reported to deputies that her home was entered while she was gone between 12:30 and 2:30 p.m. last Thursday and completely ransacked.

**MISSING** is several valuable bracelets, a squirrel jacket, a TV set, rings, wristwatches and a reducing machine.

She estimated that the burglars got away with more than \$3000 in valuables.

One gold bracelet with 15 diamonds was valued at \$1350. Another gold and sapphire bracelet was priced at \$750.

A wristwatch with eight diamonds and six sapphires was valued at \$300. No fixed value was put on a pearl necklace and a gold cocktail ring with sapphires.

The squirrel jacket was priced at \$430 and the TV set at \$175. She told deputies that she had left the house unlocked when she went out.

The same day, another daylight burglary took place in Orinda.

A full length mink coat worth \$300 was taken from a home at 214 La Espiral. Also missing was a pearl necklace, pearl earrings, a pearl ring and a sable.

No price was put on the missing valuables. The burglary took place between 1:20 p.m. and 4:30 p.m., according to the deputies' report.

**A SCREEN** door was pried open to gain entry to the home. The inside door was unlocked.

The home of G. T. Martinson at 8 Hidden Valley Road, Lafayette, was hit by burglars last Friday night with two fur coats worth \$2000 taken.

The burglary also took place in

daytime, between 8:30 a.m. and 12:30 p.m.

Three bedrooms were completely ransacked.

Taken along with the two fur coats was luggage and a \$125 typewriter from one bedroom.

A wristwatch, pearl necklace, a fur coat and fur stole were taken from another bedroom.

**MARTINSON** told deputies that the house was unlocked.

Damon Leeper of 100 Nueva Road, Danville, reported to deputies that someone had entered his home last weekend while he and his family were away.

A checkbook, some clothing and a .22 calibre rifle were taken from the home.

Leeper said the house was completely ransacked.

Three rings worth \$1500 were taken from the home of Florence Thornton, 32 R. H. e. m. Boulevard, Rheim, last Saturday.

A service door was pried to gain entry.

**TWO** opal rings and one diamond ring were the only things taken. Other valuable jewelry was not touched. There was no ransacking of the house, deputies said.

The Marshall Steel Co. at 1870 Oak Park Boulevard, Pleasant Hill, was burglarized for the second time in two weeks last Friday night or Saturday morning.

**THE PERSON** had entered the store by removing partitions from the wall that separates the dry cleaners from a 24-hour laundromat.

Between \$10 and \$15 was taken from the cash drawer. Owner A. L. Knight did not think any clothing had been taken.

The Joseph A. Sinas home at 40 Audrey Lane, Pleasant Hill, was entered early Friday morning and \$80 taken from his wife's purse.

Nothing else was taken or disturbed by the person who apparently entered an unlocked rear door.

Helen Risdon of 16 Charles Hill Road, Orinda, told deputies that her home was entered early Thursday morning and her purse taken from a kitchen counter.

Bon Voyage and Bless You, Sue!

SUNDAY we had butterflies badly. So we sent a wire to Susan Cox, favorite young friend of ours, who was aboard the SS Oriana & due to sail at 5 p.m. . . "We've got butterflies, too—Thinking of you."

The pretty June '61 Miramonte grad, sometimes called The Duchess, was holding Court aboard ship for a bevy of her contemporaries & in the true tradition of Jolly Olde England (for where she is bound via Acapulco and all sorts of glamorous stops) the young lady was serving Tea & Cake w/fond farewells to her dewy-eyed friends.

BON VOYAGE & a ship's tour were the treat of the day for Sylvia Bolman, Mimi Case, Janet Lucas & Carol Crosby. . . The Oriana's stewards were Very Impressed w/the lovely young ladies who included Susan Schilling, Linda Mather, Sharon Croci & Joan Eberhart—"nicest bunch to ever board ship" said the smiling head steward!

Sally Holabird missed the Goodbyes because she was attdg. her sister's wedding & Vickie McCosker & Carol Pedersen said theirs the night before due to a Sunday vacation departure!

OUR DARLING ORINDA DAUGHTERS wearing white gloves & looking So Sharp, were thrilled w/the ship, toured one end to the other & saw the boat's three super-sized swimming pools. . . Sylvia & Bob Cox, parents of the traveler, were surprised to see the Warren Dexters & dgthrs. whose jumping off place would be Kingston, Jamaica. . . & we happen to know that the Harold Andres were also aboard.

A SHOWER of GAY STREAMERS spilled over the side of the ship at sailing time. . . & all of a sudden, squeals of excitement from Sue's friends below & no wonder: Next to Susan & her chaperone Mrs. Hubbard, stood Bonnie Willis, also a June '61 grad who was going to England w/her grandmother. Bon Voyage & bless you, Sue! (We might mention that the only male member of the Bon Voyage was Barden Wilmar who will keep the airmails busy to England, where Sue will attend the Univ. of Nottingham!)

CATTY NEWS: No wonder Larry Ann Long's sealpoint was such a fatty-catty.

She just gave birth to SEVEN kittens, a sizeable litter for Siamese cats! Cindy Spittler is another young Siamese fancier.

NEW NAMES on a Moraga mailbox are Muriel & Bill Crier who moved here from Oakland recently. . . The Reece Caves are settling in Sacto & Adrian & Del Brown who've built more houses than most of us have lived in will sell their newest hilltop house & build still another one, this time MORE in the country & aveve swimming pool.

LONGTIMERS will miss Charlie & Louise Malone who because of Charlie's illness, will move through the tunnel to Berk. . .

MEANWHILE, back at the Pool. Your pool, our pool, anybody's pool. There sat Melba Bray knitting "little things" but not like it looked for the little thing would eventually be a sweater for herself & not what we had in mind.

PEG KIRBY, Park Pool's lifeguard, was working in the Can- teen when one little lass popped up w/a "Please may I have my tooth & my four cents?" Peg looked askance, then looked in the girl's folder & sure enough! There WAS a tooth & the four pennies, little miss having lost her tooth at the pool!

Dr. Charles Van Dyne's son Charlie is mending his foot at home, a crushed heel from a 12-foot fall. . . & Randy Williams on crutches, is finally freed from his leg cast, but on dry dock for some time to come.

League Standings Close At Mid-Season Reckoning

Mid-season standings of the baseball program reveal the Rams and the Hawks are in first place in the two divisions of the Peanut League.

First place teams of the two divisions of the minor leagues are the Rainiers, Division I and the Colonels, Division II.

In the major league the Tigers hold an undisputed first place with seven wins and no losses. Runners-up are the Cardinals with five wins and two losses.

Shot Kills Orinda Man

Jerry Riskin, 26, of 92 Davis Road was found shot to death Wednesday morning in the back room of his father's jewelry store at 1111 Broadway, Oakland.

Sgt. Patrick O'Connell of the Oakland Police Department said the dead youth's father came to the store after opening a second store he owns when clerks called him to say the first store was locked and they couldn't enter to work.

Riskin was found in a back room, shot through the chest, lying on the floor on top of his foreign automatic, according to police. They also said that a considerable amount of cash Riskin was carrying was not touched, nor was anything missing from the store.

The dead man's father, Myron Riskin, said that he had coffee with his son shortly before the shooting. He said they parted company at the coffee shop, each going his separate way to open the two stores owned by the father.

The father said his son, who had been divorced, was engaged to be married and he knew of no reason why he should take his own life.

Orinda Council Study Program Commences

The study program of the Orinda Council for Civic Unity for the months of July and August will be held every other Wednesday, beginning July 12, at 207 Orchard Road from 2 to 4 p.m. Anyone interested in the program is welcome to attend.

Mrs. Freddie Curtis, archaeologist, will lecture on the topic of "Races of Mankind—Concepts and Misconceptions." There will be at least four sessions on this subject.

IN THE first meeting July 12 Mrs. Curtis intends to cover evolution of man (ape-like to hominids); theory of the evolution of the major racial stocks (date of racial differentiation and causes for variation); geographic distribution of major racial stocks, circa 1500 A.D., and trait list of "ideal types," circa 1500 A.D.

Mrs. Curtis worked for the Southwest Museum in Los Angeles for many years before moving to this community in the spring of this year. She has also done salvage archaeology for the Bureau of Beaches and Parks, and has had a book published on the excavation of the Indian village, "Arroyo Sequit."

Following each lecture there will be a discussion period. Mrs. Curtis will also have supplementary material to distribute, as well as an outline of her talks.

Jury Committee Finds St. Mary's Road Inadequate

Roads in Lafayette-Orinda-Moraga area were found to be in basically good repair recently by the Public Works Committee of the Contra Costa County Grand Jury, but St. Mary's Road came in for particular attention.

"St. Mary's Road is winding and narrow and should be widened, as it is heavily trafficked," the committee said.

Also, "Plans and specifications are ready for construction as soon as funds are available."

ACCORDING to County Public Works Director Victor Sauer, funds are included in the 1961-62 budget for this project.

Regarding other roads in the area, the committee recommended: Moraga Road at Rheem, Boulevard. Realign the intersection to keep pace with development in the area.

Also recommended was that the county inform the state highway division to paint arrows on all freeways, whereon motorists enter or exit.

Some Orinda Area Property To Be Rezoned

Some property in the Encinas de Moraga area will be rezoned. The county planning commission approved Wednesday the rezoning of property from transitional residential agricultural to multiple family residential.

The property concerned is as follows: Lots 41 and 42 of Encinas de Moraga fronting on the west side of Camino Encinas approximately 200 feet south of Moraga Way in the Orinda area.

Mrs. Albert Taylor of Lafayette, president of the Walnut Creek Junior Women's Club, and other members of the club assisted with mimeographing and assembling the directory.

Copies of the directory are available free of charge to members of the medical profession, school guidance personnel, public health and school nurses, health and welfare agencies, ministers, psychologists and others who work in related fields.

Are You Burglar Proof? No. 75996 Can Tell You!

Summertime is harvest time for burglars—and no thief ever enters uninvited, is the warning of David Skowronek, now serving time in the State Prison of Southern Michigan. Author Skowronek, also known as No. 75996, tells what you should do to discourage unwelcome guests, in the July issue of Suburbia Today, which is out now.

There's a lot more excitement in the supplement, too, this month. For instance, did you ever hear of building a golf course for \$15,000? Well, the people of Sulphur, Louisiana, did just that, by getting together, organizing, and doing most of the work themselves.

THEN THERE are the 30 witty retorts that famous humorist Bennett Cerf never made, but wishes he had. This month he collects the best for your amusement (and maybe even for your repertoire).

Distinguished drama critic John Chapman looked over all the people he's ever known and decided, with no apologies to the Reader's Digest, either, that "The Most Unforgettable Character I've Ever Met—Is Me!"

HERE, TOO, with beautiful photographs, is a story about two boys and their tree house. It's 40 feet up a hickory, only 500 feet from the house, but to Barry and Mark it's their own world, where they can be themselves and where no one else may enter without an invitation.

Among the regular features, there are five cool salads, and five kitchen-tested dressings that will put the salads on any "best-dressed" list—Orange, Mallow-Grenadine, Italiano, French a la Chiffonade, and Creamy-Roquefort.

Finally, "Getting Around" settles once and for all the problem of what to do with old light bulbs, traveling salesmen who show up in swimming trunks, and babies who are frightened of hypodermic needles; while our cartoonists (Good Grief!) turn out some comments on "The Misfits."

# King's Daughters Open Home for Young Girls

A temporary receiving home for girls under court custody in the county has been established in Walnut Creek by the Mizpah Circle of the King's Daughters.

The Mizpah Circle was organized in March, 1960, with its paramount goal that of assisting the welfare and happiness of the younger teen-age girl, said Mrs. Alfred Virden, circle president.

As efforts to found a receiving home for girls has the approval of the Contra Costa Board of Supervisors and a contract between the two bodies will make it official.

THE CIRCLE itself has been incorporated by the State of California.

The "Cinderella Cottage" is a spacious older home located at 1186 Alta Vista Court, Walnut Creek.

Mrs. Virden said, "Its appointments lend dignity and a homelike atmosphere for the girls."

"Each girl in this small group of six, between the ages of 12 to 16, will be a very special little person with every consideration being shown her."

"CINDERELLA Cottage will be a pleasant memory long after she has left its hall," she said.

The Order of the King's Daughters was established in New York City and was one of the first organizations to bring together women of different churches for religious, educational and philanthropic activities, Mrs. Virden continued.

Educational opportunities are given young people through summer scholarships to Chautauqua, New York, covering a six weeks' period, under the direction of and affiliated with Syracuse University.

CAREFULLY selected young people live within the three scholarship houses on the grounds which are owned by the Order. They are given the opportunity of receiving the very best instruction and inspiration in music, drama, literature, art and religion.

Summer camps have been established to which both boys and girls are sent.

This Christian Service Organization, international in scope and interdenominational in character, is observing its diamond anniversary this year, with 89 institutions bearing the name of the Order.

The Northern California Branch of the King's Daughters with headquarters in the Bay Area, has a residence for older teenage girls who are employed full or part-time while they are completing their schooling.

While Mizpah Circle is affiliated with the branch, its chosen project lies within the county where the members make their homes, Mrs. Virden said.

THE WORK within Cinderella Cottage is under the supervision of a board of directors, as follows: President, Mrs. Virden; first vice president, Mrs. Charles Marshall; second vice president, Mrs. Joseph E. Tooker; secretary, Mrs. Bill Gilmore; financial secretary, Mrs. Norman Brooks; treasurer, Mrs. Ivan D. Chappell.

Directors within the cottage are Mr. and Mrs. Dennis D. Tooley. Tooley is completing his study for the ministry.

Open house for Cinderella Cottage will be held in September. Then, the Board of Directors will be assisted as hosts by the members of the Circle, as follows: MESDAMES Harry Alling, F. W. Bilger, Jr., Fred Blankenship,

Florence Drummond, Morris Meeks, William Noh, Jack Quinn, C. J. O'Rourke, Oliver Roddan, V. R. Timmons, H. Timmons and Lee Woolley.

Mrs. Virden said, "Mizpah Circle wishes to take this opportunity to publicly express its gratitude to the following organizations and merchants for their material assistance in the furnishing of Cinderella Cottage:

"The Ygnacio Valley Women's Club, Peshon Rug Cleaners, R. G. Pelusi, Meter Calibrating Co., Simon Hardware Company, W. P. Fuller & Co., Longaker's Placement and Personnel Service Agency, Grand Rapids Furniture, Aiman Building Specialties and Angelo's Cabinet Shop, all of Walnut Creek.

The Danville Lions Club, Gans Electric-Ray Gans of Danville, Brooks' Plumbing, Danville; C. C. Maddox of Alamo; Painters' Union Local No. 741, Coulson Pest Control Service, Empire Furniture Company of Martinez — Bader Goodman; Notifier Pacific—Fire Alarm Security Distributors of San Francisco, Contra Costa Mattress Company.

ALSO individuals who have given contributions in money, articles of wearing apparel, assistance in transporting furniture and time and labor in making minor repairs in the building.

"If it had not been for these many kindnesses, Cinderella Cottage would not have been ready to take under its wing the young women of tomorrow."

"The interest and concern of the fine people of this community for the children who need our friendship is, indeed commendable," Mrs. Virden said. "We need their continued interest and their homes for these girls."

ARRIVING just in time for final decorative touches were small house plants to be placed in the home for girls established by the Mizpah Circle. Mrs. Joseph E. Tooker, left, and Mrs. Alfred Virden lend a hand to the proceedings.

FINAL TOUCHES to the King's Daughters home for girls were made by Mr. and Mrs. Dennis Tooley, directors of the home. It is located on Alta Court in Walnut Creek. Tooley is completing his study for the ministry. Photos by Bob Rush.

## Therapy Center Gives Hope, Ends Despair

A man, a woman, a child—each faced despair, a lifetime of bleak tomorrows.

The child was unacceptable to her playmates. Severely handicapped in many ways other than involved speech problems, the loneliness of her spirit went deep.

Her yearnings for normal play, laughter and communication were left unfulfilled. It was only a matter of time before the family physician sent the child and her parents to the Mt. Diablo Therapy Center.

THE WOMAN was in the middle-prime of life, looking forward to her first grandchild, busy with the affairs of her home, her church, her community. In an instant all this changed.

Stricken with a cerebral hemorrhage her entire right side was rendered useless. Was she to spend the rest of her life looking at work to be done, taking no part in the smallest task?

She couldn't even comb her own hair! Where could she find help?

She sought and found it at the Mt. Diablo Therapy Center.

THE MAN, a business executive, lay recovering from successful surgery which stopped the creeping paralysis. From the ribs down there was no feeling.

The muscles were there, but they were useless for without nerve telegraphy they could not be controlled with the subconscious mind—nor the conscious mind.

With an almost superhuman courage this man lifted himself back on his feet. Putting his wheelchair into his car, he drives to his job every day, moves about his life with interest and stimulation. How did he accomplish this? With the help of those who cared at the Mt. Diablo Therapy Center.

These people, their families, and many others like them have faced overwhelming obstacles and a future lacking in promise.

A HANDFUL of years ago the child would have been hidden away, the woman confined to her bed, the man on a city street selling pencils.

Great advances have been made in physical medicine and rehabilitation in the past 15 years. Doctors and patients alike look with confidence and hope toward the rehabilitation of the victims of disease, accident and birth abnormalities.

Contra Costa County is served by its own community-supported therapy center at 100 Golf Club Road, Pleasant Hill (across from Diablo Valley College).

Some 75 physicians prescribe the center's facilities for their patients.

NO ONE is turned away regardless of ability to pay.

After admission to the center technicians in speech, hearing, physical and occupational therapy guide the patient back to a life useful to himself and his community.

The social worker helps the patient and family solve problems of transportation and prepares those patients and their families who need help in adjusting emotionally to their handicap.

She assists the family in financial planning, making recommendations for those needing memorial care. A few of these people have been "adopted" by organizations who donate money for

their "adopted patient's" treatments.

The Bobolinks, a junior unit from Miramonte High School, Orinda, have recently "adopted" a little boy from whom they are holding a cake sale and car wash project with other activities planned for the future.

THERE IS a great need for other groups, clubs and organizations to join the "Adopt a Patient" program at the center.

The physical therapist uses all the skills and devices of his profession to ease pain and to bring about maximum physical restoration to his patient. He teaches, he goads, he encourages until the patient becomes as determined as he that maximum use will be made of afflicted muscles.

The occupational therapist uses the tools of daily living to equip the patient for independence. To use a long-handled shoehorn, to flick on a light switch, to turn on a water tap, to open a can—these come first.

Then the patient learns to use a small printing press, an electric typewriter and other equipment designed for coordinating skills.

AFTER completion of the therapeutic program, the vocational counselor assists the patient in finding the outlet for his acquired abilities. He may be placed at a job in the community, or recommended for work in the sheltered workshop.

For the first time since his life was interrupted by personal tragedy he is again earning a wage. None of the principals in this true drama of your community can take full credit for the miracles that take place. There is the courage and faith of the patient, the confidence of the physician, the skill and dedication of the therapists.

But above all it is the community that has made possible the center and its services which have returned a man, a woman, a child to a hopeful tomorrow.

# Go to Church Sunday

## Unitarian

The Reverend Howard G. Matson, guest speaker, will offer a sermon entitled "The Contemporary Scene in Liberal Religion" at the Mt. Diablo Unitarian Church Sunday.

Reverend Matson is an associate director of the department of extension of the Unitarian Universalist Association in Boston, carrying out a program of research to study the needs of small churches and fellowships.

A graduate of Harvard Divinity School, Matson has served three Unitarian churches as minister. A resident of Berkeley prior to his present position, he was field representative for the American Cancer Society and the California Association for Mental Health, and was a frequent speaker at Bay Area Unitarian societies.

**MATSON** is author of "The Fourth Wise Man," a book dealing with the search for life values.

A service of dedication of children and parents will be conducted by Reverend Aron Gilmartin during the worship service.

The adult service will be held at the American Red Cross Building, 2121 Ygnacio Valley Road, Walnut Creek, at 10:30 a.m.

Child care will be provided by the Liberal Religious Youth: ages 14 years at the Highland Building, 2363 Boulevard Circle, and 5 years and up at the Walnut Creek Recreation Park.

## Methodist

"Goodness Can Be Attractive" is the sermon topic of the Reverend George E. Berry, pastor of the Lafayette Methodist Church, this Sunday. Morning worship services are held at 9:30 and 11 a.m. Church school classes for all the family are at 9:30 a.m., with nursery care provided during both worship services.

The youth groups meet Sunday evenings at 7 p.m. at the church. The Senior Methodist Youth Fellowship, for high school youth, is sponsored by Mr. and Mrs. Jack Cotterall. The Wesley group, for college age youth, is sponsored by Mr. and Mrs. James Leach. For more information, call the church office, AT 4-4765.

New members will be received into the fellowship during early September. Those desiring more information may call the office.

## Baptist

The Reverend Norman Black will preach at the 11 a.m. Sunday morning service and the 7 p.m. evangelistic family night service of the Orinda-Lafayette First Baptist Church.

There is a junior church, children's church and nursery available at the 11 a.m. service.

Other services of the church include a graded Sunday school beginning at 9:45 a.m. using Gospel Light Press materials under the leadership of Ken Bull; mid-week Bible study prayer and praise service Wednesday at 7:30 p.m.; and the Baptist Youth Fellowship at 8:15 p.m. on Sunday. The church is located on the El Nido Frontage Road, one-quarter mile east of the Charles Hill turn-off.

## Christian

The Reverend Darwin A. Mann will speak on the topic, "God Has Many Witnesses," at the 10 a.m. worship service of the Lafayette Christian Church, 3419 Golden Way.

Nursery care is provided during both the worship services and the church school classes which are held at 9 a.m.

## Baptist

The Moraga Hills Community Baptist Church, three-fourths mile north of Rheem Center on Moraga Road, will have services conducted at 11 a.m. this Sunday by Dr. Ralph Johnson, minister.

Dr. Johnson is presently the president of Berkeley Divinity School. Layman assisting will be George Hammond of Lafayette.

Sunday School classes are at 9:45 a.m. Arliss Johnson is leading the adult class in a discussion of the Book of James.

Non-denominational Yokefellow groups are meeting on Wednesday evenings at the church for discussions on the application of Christianity to practical everyday living.

## Christian Science

Genuine appreciation of the sacrifice and triumph of Christ Jesus must be expressed in daily living.

This is a theme of the Lesson-Sermon on "Sacrament" to be presented at the semi-annual communion service in Christian Science churches Sunday.

A correlative citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read.

Christian Science churches are located at 22 Orinda Highway, Orinda; 1437 Locust Street, Walnut Creek, and at the corner of Grant and Park Streets, Concord.

## Presbyterian

The Moraga Valley Presbyterian Church's service of worship is held in the Old Moraga School at 9:30 a.m. and the public is invited.

Dr. White has selected a series of sermons on the Lord's Prayer for this summer.

The series will begin this Sunday with the subject, "Living the Lord's Prayer; Our Father." The Sunday Church School, nursery through primary departments, meet during the hour of worship in the Old Moraga School.

## Congregational

"Look to the Hills" will be the Reverend Chauncey Blossom's sermon topic at the 10 o'clock worship service in the Orinda Community Church. The Sanctuary Choir will sing "Thanks Be to Thee" by Handel.

Church school children, first grade through sixth, will attend the worship service with their parents and be dismissed to their classes after the children's sermon. There will be a film in the junior department, followed by discussion. Child care will be provided.

## Episcopal

St. Giles, the new Episcopal Mission serving the Orinda-Moraga area, will hold morning prayer service this Sunday at 10 a.m. at the Mission's temporary chapel in the Rheem Shopping Center.

The Rev. William J. Frankhuizen, vicar, will conduct the service. He has chosen the title "Witness to the World" for the sermon topic.

St. Giles Chapel is located between the theater and the Post Office in the Rheem Shopping Center.

## Episcopal

This Sunday there will be two regular services at St. Anselm's Church, 682 Michael Lane. Holy Communion will be at 8 a.m. and morning prayer at 10 a.m.

Confirmation class will be held in the parish hall at 8:30 a.m. The Reverend Clarence Stacy, vicar, will conduct the services.

Alpha and Omega high school group will meet Sunday evenings at 7:30 p.m. at the home of Laurie Vacco, 3370 Sweet Drive. There will be no midweek communion service at St. Anselm's during July or August.

## Suburban

This Sunday morning at the 11 worship service of the Suburban Bible Church the Rev. Gray Lambert will deliver the third in a summer series of sermons on the theme "Why I Believe."

His message this week will be entitled "Why I Believe in the Resurrection." Also at the 11 hour extended church school will meet and at 10 graded Bible classes will be conducted by the church school.

## Lutheran

The third in a series of sermons entitled "What Is Worship" will be the topic Sunday, chosen by visiting Pastor Dr. Donald Deffner at Faith Lutheran Church, 50 Woodworth Lane, Pleasant Hill.

Divine worship services, with Holy Communion, are held at 8:15 and 11 a.m.

Sunday School, teen and adult Bible classes are held at 9:30 a.m. with a coffee and fellowship hour following at 10:30 a.m.

## Christian

Robert C. Neal, minister of the First Christian Church of Pleasant Hill, will speak on "Personal Responsibility" for his 11 a.m. sermon Sunday.

The 7 p.m. sermon will be "Are You Playing the Fool?"

The church meets at the Walnut Creek Recreation Center.

## Dramateurs Announce Officers

New officers of the Dramateurs were elected recently at a meeting held in the Town Hall, Lafayette.

Serving as the new president is John Phillips of Walnut Creek. Other officers are Philip Jelley, vice president; John Whitcomb, treasurer, and Sharon Williams, secretary.

The new sponsor chairman is Mrs. Bert Miller, who will be assisted by Fran VanLobenSells. Organizations interested in sponsoring a performance or performances may contact either of these people at YE 5-0948 or AT 3-6623.

Ticket reservations may be made by calling CL 4-5241, days, or the Town Hall evenings. Clarence Betz of Orinda will again serve as business manager for the Dramateurs.

**THE REVEREND WILLIAM J. FRANKHUIZEN**, second from left, recently appointed vicar of St. Giles Episcopal Mission, studies various church site locations in the Moraga area with members of the new mission's bishop's committee. Reverend Frankhuizen conducted the Mission's first service last Sunday in St. Giles Chapel in the Rheem Shopping Center. Committee members are: James Sweeney, Jack Prescott, David Jones and James Nichol. Sun photo by Lee Taylor.

## Green Thumb Problem? Garden Center Can Help

It's new, attractive, unique and provides advice as well as products and service. It opened last week and covers 6,000 square feet of space.

It is the Garden Center, now doing a thriving business as part of Lafayette's Safeway Store. Constructed on what used to be the northwesterly portion of Safeway's parking lot, the modern building provides comfortable year-round shopping facilities.

Henry Dietz, supervising the birth of Safeway's new garden centers, said the building's space is devoted to three areas. One, he said, is the completely enclosed area of the gift shop.

The gift shop specializes in attractive, novel, and/or useful gifts for the home and garden.

A second section of the center is lath covered with fibre glass, allowing light and providing year-round shopping regardless of weather. Dietz said plants requiring light shade will be kept in this section. The third section is exposed to the sun for plants requiring sunny exposure.

A complete garden center, Safeway's new enterprise offers ev-

erything from imported artificial flowers to plants, shrubs, insecticides, garden tools, fertilizer, house plants, to trees that will grow tall and lovely, or short for shade and convenience.

Manager of the new center is Del Munson. Munson is a graduate of the University of California at Davis, where he earned degrees in entomology and horticulture. Both Munson and his staff, according to Dietz, are fully qualified to help or advise the homeowner regarding any gardening, yard, or house plant problem.

## Jon French Completes Officer Course

The 26 week officers' basic course at the Marine Corps Schools, Quantico, Va., was completed by Marine 2nd Lt. Jon A. French, son of Mr. and Mrs. Leo A. French of 2621 Oak Road, Walnut Creek.

Practical application of the classroom subjects are conducted in the field by the students.

## Choral Group To Perform at Local Church

The William Hall Chorale, appearing in the ay Area over this next weekend at Stanford University and also in San Francisco, will give a sacred concert next Sunday at the Walnut Creek Methodist Church during the 9:30 a.m. service.

The concert, so to speak, will be a "Sermon in Song."

William Hall is from Southern California. Indicative of his future career, while a student in high school, he wrote the words and music for the Alma Mater, conducted his own band, won a Los Angeles TV show six consecutive weeks, appeared as a "bit player" in several movies, formed a USO troop.

He also organized his first choir and directed the chorus of "Once Upon a Dream," a Hollywood musical.

In 1956 he graduated from Whittier College with a B.A. in music.

During his undergraduate days he directed the Whittier Civic Light Opera Association, was assistant director of the college choir, captain of the tennis team and announcer for the S.C.I.A.F.

In 1958 he received a masters of music degree from the University of Southern California, where he is now working on his doctorate.

## New Address Numerals Will 'Dress-up' Area

New business address numerals will soon bring both uniformity and good looks to the business area of Lafayette, according to Chuck Johnston, Lafayette Chamber of Commerce manager.

The new numerals will be black, permanently fused to a durable white lucite plaque, three by eight inches. Jack Hageman, chamber president, will be the first to display the new numbers at 3525 The Plaza.

## State Welfare Head Answers Nejedly Charge

District Attorney John Nejedly's criticism of the State Department of Social Welfare's standards for extending aid funds to county medical rehabilitation programs, received an answer this week.

J. M. Wedemeyer, department director, said the standards had been drafted by the State Department of Public Health, and represented the advice of private physicians, hospital administrators and experts in the welfare and rehabilitation fields.

Nejedly has said that the Contra Costa County rehabilitation program did not meet state aid requirements because the social worker in charge did not have two years graduate work towards a masters degree in social service work.

But Miss Lorraine Sheenan has been with the county department for 24 years, is a registered social service worker and has taken supplemental university courses for 20 years, Nejedly said.

Wedemeyer said the purpose is not to place obstacles in the way of county hospitals' participation in the state program, but only to insure that the state money will be spent efficiently and effectively.

He said only eight county facilities in the state have been certified for this aid.

Johnston said the new numerals are part of the chamber's continuing efforts to make downtown Lafayette more attractive. The chamber manager said the lucite plaques cost \$1.50, including four numerals. They may be ordered from Moog Plastics, Incorporated, 1010 Blackwood Lane, AT 3-8700.

# Nine Girls — Which Will Be Festival Queen?

Nine young girls are "off and running" in the annual Walnut Creek Festival queen contest. It will end September 22 when one is crowned queen of Walnut Creek's annual harvest celebration.

Bill McLaughlin, chairman of the contest, said he is "delighted" with the number and quality of the entrants. More still may enter, he said.

PRELIMINARY phase is based on the sale of Walnut Festival tickets, but more than half of the total points accumulated will be awarded by judges for beauty, poise and personality the first night of the festival, September 21.

Besides reigning over thousands of "subjects," the queen will receive a trip to Hawaii, her queen's gown, a trophy and a personalized color portrait.

Entrants in the contest are as follows:

GLENDA-ANNE Beishline, 18, a brunette, of 211 Shady Glen Road, Walnut Creek.

She is the daughter of Mr. and Mrs. R. E. Krapf of Walnut Creek, and attended Las Lomas High School and "La Chassotte" in Switzerland. Her campaign manager is Rett Turner.

# Junior College District Has A New President

The governing board of the Contra Costa Junior College District at the annual reorganization meeting in Martinez Monday night elected William J. Kretzmer, 41-year-old Richmond attorney, as board president for 1961-62.

He succeeds O. J. Wohlgenuth of Walnut Creek under a board policy of rotating the chairmanship annually.

Kretzmer, who lives at 2611 Mira Vista Drive, El Cerrito, has been a board member since March 9, 1959, when he was appointed following the resignation of Elton Brombacher of Richmond.

A NATIVE of San Francisco, he is married and the father of two daughters. He served as president of the Contra Costa Bar Association in 1958.

George R. Gordon, Martinez attorney and an original board member since district formation in 1948, was elected vice-president.

Glenn L. Clemetson, a Richmond banker, was elected secretary.

It is the first board office for Clemetson since his appointment June 27, 1960. He is assistant cashier in the real estate department of the Mechanics Bank, Richmond.

IN OTHER action the board adopted a calendar of 1961-62 meetings which call for night instead of late afternoon sessions beginning July 17.

And, beginning September 11, meetings will be held twice a month. The last meeting of each month will be held at Contra Costa College in San Pablo and Diablo Valley College, Concord, on an alternate basis.

Regular meetings December 26 and February 13, 1962, were dropped because they follow national holidays.

Adoption of a new and increased salary schedule for deans, coordinators and registrars of the district, presented to the governing board Monday night, has been delayed pending further study.

UNDER A formula presented by Robert V. Lindsey, teacher and assistant dean of student personnel at Diablo Valley College, administrative personnel at the district's two campuses would receive 1961-62 pay hikes ranging from \$1436 to \$3322.

Nineteen faculty members are involved, including the two college directors.

Lindsey, administrative personnel salary committee chairman, backed the salary request with statistics showing that some administrators are working for as much as \$3000 a year less than their counterparts in neighboring school districts of comparable size.

The increases proposed by Lindsey's committee would include the \$500 annual salary increment received automatically by administrators.

UNDER THE Lindsey formula deans and coordinators would be given the highest salary within their teacher classification, multiplied by a ratio of 1.4.

Assistant deans, registrars and teacher-coordinators would get their highest salary multiplied by a ratio of 1.2.

The administration countered with a proposal that all personnel be given a \$1436 increase, including increment, as a partial re-adjustment this year, followed by adoption of the full formula the following year.

The governing board, while not expressing opposition to the program, said it wanted more time to study the new ratio formula. A final decision within the month was indicated.

As a stopgap all administrative personnel were rehired at present salaries in order that they may not lose their \$500 annual increment.

PAY INCREASES for regular teaching staff is not in the cards this year, although their increment will go from \$300 to \$350.

The district, taking advantage of the National Defense Education Act for the fourth consecutive year, is planning to expand its scientific equipment at both campuses to the tune of \$137,695.40 during 1961-62.

If approved, half the cost — \$68,847.70 — will be borne by the Federal government in its program of providing financial assistance to schools in the fields of science, mathematics and modern foreign languages.

The district's latest application will bring to \$253,693 the amount spent, and planned to be spent, since the NDEA became law in 1958.

OF THE total, \$126,846 will have been provided by the government.

The district's 1961-62 program calls for \$25,407 to be spent at Contra Costa College in San Pablo, and \$81,301 at Diablo Valley College, Concord, along with \$30,986 for the electronics program at CCC.

Practically all of the money will be spent for electronics, biological, audio, mathematics, engineering, chemistry, and physical science equipment.

In addition, the college district

also participates in the National Defense Student Loan program — but it has found few takers.

UNDER THIS program the Federal government puts up nine-tenths of the loan amount, with the district supplying the other one-tenth through campus student loan (not district) loans.

DVC, with \$5025 in available cash, has had and approved loan requests totaling only \$1200. CCC, with \$9685 on hand, has loaned \$4850.

Loans are limited to students majoring only in the fields of mathematics, science and public school teaching. Such loans are of public teaching for a given period of time 50 per cent of his completes his education, and then at loan is forgiven.

PH Playgrounds Open for Summer Activities Now

The Pleasant Hill Recreation Department is conducting summer activities at Pleasant Hill Elementary School, Gregory Gardens, Strandwood, Fair Oaks and Diablo Vista schools.

Supervised play is provided at each school from 10 a.m. until 4:30 p.m. Monday through Friday.

The program offers crafts, music, dramatics, nature study and athletics.

Overnight camp outs and excursions are also planned.

DO NOT SCRAMBLE

At the breakfast table, scrambled eggs can really hit the spot. Scrambled financial affairs, though, are something else again. That's why it is usually best to make a sharp distinction between money you invest and money you want to save — the money you want to have immediately available under all circumstances. Put your investments wherever you think they will earn the best return. But keep your savings where you know they will always be accessible — in the bank.

# Good Work! But We Can Still Improve Plan

It's wonderful what cooperation can do!

We have a fine example of it in the present situation concerning rapid transit in Central Contra Costa County.

You will remember that there was considerable dissatisfaction in the Lafayette-Sun Valley-Saranap-Walnut Creek area over the original proposed routing of rapid transit trains down Olympic Boulevard, the former Sacramento Northern right of way.

AND WALNUT Creek officials were unhappy about the surface or overhead system running through the city.

It took some time . . . and it took plenty of speaking-out by the residents of the area . . . but now, things have changed.

The rapid transit people, who originally said a change couldn't be made, have now done it.

They have come up with a proposal which would route trains down the Mt. Diablo Boulevard freeway from Lafayette to the Acalanes interchange, thence down the East Bay Municipal Utility District right of way through Reliez Valley and finally into the Walnut Creek-Pleasant Hill area in the neighborhood of Second Avenue.

This is a much better routing than the original, and the rapid transit staff is to be congratulated for listening to the people who will ultimately be affected by the routing, and coming up with an alternative plan.

It proves that cooperation will work. HOWEVER WE would like to recommend that the engineers and staff take a second look at what they have proposed. Rapid transit, if it is to be successful, must serve the people of an area conveniently and swiftly.

If, as in this case, a station is located between two areas—Pleasant Hill and Walnut Creek—then neither area is really served. People must go out of their way to use the facilities. And people don't like to do this.

How about looking into the suggestions made by Laverne Kilball, Walnut

Creek city manager, who recommends that the station be moved to the Ygnacio Valley Road area?

This would serve all the thousands of residents to the south of the Walnut Creek area . . . Alamo and Danville . . . better than the Second Avenue location, and it would be much more accessible to downtown Walnut Creek.

FOR EXAMPLE, although rapid transit is primarily a long-haul operation, it does not exclude Mrs. Orinda, or Mr. Concord, who may wish to use the facilities for inter-community trips.

If the stations are located too far from the community facilities, then these people will be inconvenienced . . . probably to the point where they will not only not use the facilities, but to the point where they will become apathetic about rapid transit for any use.

Also, the removal of the Lafayette station from the center of the community to the Acalanes interchange area poses the same problem.

One station has been removed under the present plan. Why cannot the new routing be altered a bit to move the Walnut Creek station to the Ygnacio Valley area, put the Lafayette station back where it belongs and, if necessary, replace the new excluded Pleasant Hill station?

IT IS APPARENT that the present plan is far superior to any of the previous plans offered by the transit district, but more work needs to be done before the ideal solution is found.

We are getting closer to an answer, and one reason for this is the willingness of the transit staff to heed the objections of local residents and to try to find a solution.

For this they are to be congratulated. We feel that if they continue approaching this problem as they have now demonstrated they can, then we feel sure that a workable plan will result, and when bond issue time comes around, the transit district will receive the full support of the people.

injured in another automobile accident in Richmond.

How much can happen to one family? The next day, Thursday of last week, the remaining members of the family, a little boy, 2, and his brother, 5, were crossing Mt. Diablo Boulevard with their cousin, a girl, 11, when they were hit by an automobile. All three children were injured, the two boys most seriously.

WHAT IS THE point of this sad story? Simple the same old story that you have heard before.

Automobiles are dangerous. Think about your family . . . and the Rhoades family.

which would do the same job but wouldn't cost as much?

IT IS NOT only this \$500 item which concerns us. It is just that this is typical of the "small" expenditures made by many of our special districts which, in the long run, make an impressive total that shows up in the same old place . . . our tax bill.

Although we are not against the sort of program outlined by Mr. McCunn, we can only remember that it hurts, plenty, when the tax bills come around.

It's the accumulation of \$500 here, \$300 there, that puts the extra edge to the bills . . . that makes many a voter say "no" to every bond issue or special request that comes around, regardless of the merit.

WE COMMEND McCunn for his understanding of a particular problem, and of his desire to do something concrete about it.

rights will ebb away, taken over by the tyrants.

Or we cant make "knowing" an exciting and beautiful challenge.

Each of us, giving some of our time and effort and thought to grass-roots democracy, can successfully ward off the insidious attempts of communistic activities and philosophies from penetrating and securing holds.

Perhaps you ask what connection has going to the polls on a local government level, caring and sharing on a local government level, "what can I do, I'm not a politician," has to do with the world threat of communism today.

PLENTY. Communism thrives on the apathy, the propensity of each of us to let the other guy carry the ball, start the work, do the thinking, do the voting.

A little enthusiasm engendered by some thoughtful action goes a long way, as it creates more of the same, and soon the tide has grown to the swell of the Pacific.

Pass the responsibility. Not to just send along to the next guy but to salt your actions, too.

### Deadly Reckoning

by Robt. Day

More than 80% of the casualties occurred on dry roads and in good weather.

### We Like It Here . . . It's Sink Or Swim When You Get To the Kitchen!

By MARIE MONAHAN

You could almost swim across my kitchen these days. Maybe you know what I mean—the spills, the spots & the melting icecubes that resemble the flocks on Topsy's river crossing.

I HAVEN'T GOT used to it yet, but give me time. We still have a lot of vacation time left!

Steel yourself, Mother! The kitchen seems to be the neighborhood watering spa.

I CAME in the other day to find my daughter drawing water by the gallon into my big soup pot.

I wondered what she was up to. "There's a horse on the road, Mom," she replied, continuing to run up our water bill.

WELL! It was a good soup pot. Served me well. I've needed a new one for a long time. I wearily decided.

THE CHILDREN are very kind to passing wayfarers. You never know what kind of a dog will turn up for dinner around here.

Cats come to collect bowls of cream.

I ONLY wish the children were half as thoughtful of the pets they already have.

WE ARE VERY BUSY feeding & watering everybody around here these days.

There's the family! Keep the peanut butter coming not to mention refilling the fruit bowl . . . & the usual three meals a day—if you can round them all up at one time. Sometimes, especially with Summer League under way, this place is like a short order hash house!

THEN THERE'S the baby. How can such a little thing's appetite take up so much room in the refrigerator?

There are, too, the surprise house guests & the droppers-by. A continual parade of thirsty people!

DURING THE HOT SPELL, we are all bottomless wells when it comes to what can we wet our whistles with—

The kitchen is littered with glasses, icecubes, spilled sugar & I really mean to put my foot down.

BUT HONESTLY, the floor is so sticky—or swimming in colored water—or slippery icy—Or there just might be some little two-foot teak underneath me, so I've been a sofie so far.

The children muster their mob to make the lemonade in our kitchen.

They open a can of frozen lemonade—a far cry from the frosty old-fashion kind made from scratch. It's easier their way, but it doesn't taste at all the same.

We used to squeeze fresh lemons . . . & MORE lemons . . . & oh, how we squeezed.

THEN into a big pitcher we put the squeezed lemon juice, the rinds, even a few stray seeds and the sugar syrup . . . A great great big chunk of ice & a sprig of mintleaves we pulled from the plant just outside the kitchen door.

THAT WAS the way to have lemonade . . . & the supply met the demand. As we drank it we just kept adding water & the lemonade made itself. With all the squeezed lemon rinds floating around in the sugar-syrup water.

MY CHILDREN like to make Koolade—from the packages of flavored powder. All you do is add the sugar. TONS of it.

Our dentist would DIE—or at least disown us—if he saw how they add the sugar. They just pour & pour & pour—when I'm not looking. It is like having a little colored water with your sugar, MYSELF, I like iced tea & am giving the old coffee pot a rest-break.

Dad likes his tall drink—or a can of beer.

The horse gets the soup pot, the cats get the saucers, the moppets get the plastic tumblers & the company gets the fancier glasses . . .

AS I SAID, you could practically swim across my kitchen these days.

But I wouldn't if I were you. It's a case of Sink or Swim! Too many dishes at the other end!

### Letters to The Editor

NIGHT MEETINGS

Dear Editor:

The recent recommendation of the county grand jury that the County Planning Commission hold daytime instead of night meetings should be opposed strongly by the people of Contra Costa County, especially residents of central county areas where commuters constitute a large proportion of the population.

We in Orinda even now sometimes find it difficult to keep continuously well informed on actions of the commission and

to make our views known effectively.

Daytime meetings would be far more difficult for most of us to attend. The voice of the ordinary citizen and the community association would be heard less often, and their influence with the commission would almost certainly be reduced.

If Planning Commission actions are to be taken in accordance with the wishes of a majority of those affected, night meetings should be continued.

RICHARD BARTLE

### Letters to The Editor

ASSESSMENTS

Dear Editor:

On May 12 you kindly published a letter that I wrote to you on the tax and assessment situation in Orinda in the light of my own experience since 1949. This matter was separately brought to the attention of the county assessor's office, whose reply is enclosed herewith.

You will note that the new assessments are said to be based on "27 per cent of market value." "Market value" means whatever other people are prepared and willing to pay for one's property. It is quite intangible and varies with economic conditions, with the physical condition of the property and with the laws of relative supply and demand. Current and continuing inflation of our currency has and continues to influence "market values."

Even more distressing is the fact that "market value" is meaningless to one who wishes to continue to occupy and to use his property as his home, for one must sell and seek a less costly place of residence in order to realize any profit from this "market value."

What an unstable foundation for tax assessment purposes! Will our assessors ever be prepared and willing to face up to a situation where "market values" are reduced rather than increased over the years?

The ruinous local tax and assessment situations are but a part of the equally muddled and inflated tax and assessment situations within our state and federal governments.

Being most favorably impressed with the clear-thinking editorial comment of "Life" magazine on this and a related situation, this was brought to the attention of our Congressman, Hon. John F. Baldwin. His reply is enclosed.

T. F. BRADLEY

(Ed. Note: Following are the two letters addressed to Mr. Bradley, one from C. L. Dunklee, assessor and the other from Congressman John Baldwin.)

Dear Sir:

We have received your letter dated May 5, 1961.

Please be advised that we are in agreement with you relative to your feelings regarding the fact that taxes are very high and have increased rapidly in the past years.

THE ASSESSOR, as you are aware, does not establish taxes. His job is to assess property in the most equitable way possible. We are sure you would agree that to do less would be in error.

We are enclosing a small brochure explaining the assessor's duties.

We have recently completed a re-appraisal of your area. Your property has been appraised at a present-day market value of \$26,400. Assessed values are 27 per cent of market value and results in the \$7120 assessed value of which you have been advised.

If you are of the opinion that this figure is in excess of present-day value, we would be pleased to receive any information relative to recent offerings or sales of comparable property which you feel may be indicative of value.

C. L. DUNKLEE,  
County Assessor

Dear Mr. Bradley:

Thanks very much for your nice letter of June 2. It is thoughtful of you to enclose two editorials from "Life." I have studied them carefully and appreciate your sending them to me.

They will be helpful to me when the House of Representatives acts upon foreign aid legislation and on the President's recommendation to repeal the \$50 dividend exclusion and the 4 per cent tax credit.

It is also thoughtful of you to enclose a letter which you sent to the Orinda Sun on the tax assessment applicable to the Orinda area. I can appreciate that the recent assessment increase has resulted in a great deal of controversy.

Although we in Congress have the responsibility for many of the taxes which citizens pay, these property taxes are one thing which are beyond our jurisdiction. However, I have a home myself in Contra Costa County, so I am deeply concerned as you are with tax assessments in the county.

JOHN F. BALDWIN

THANK YOU

Dear Editor:

The members of the Council for the Retarded wish to thank the Sun most sincerely for putting on the subscription drive for us and for donating the money (\$504) to us.

The help that you gave us will help us in our work for the mentally retarded children.

EVELINE WHITNEY,  
Secretary.

## Under The Sun Will You Help Us Solve This Problem?

By HERMAN SILVERMAN

Should The Sun comment editorially on national and international problems?

Or should it continue to write editorials and columns only on local affairs?

I have just read the views of Houstoun Warring, editor of The Littleton (Colo.) Independent, founder of the International Conference of Weekly Newspaper Editors and one of the most widely honored weekly editors in the nation.

Warring says the weekly paper should print only news with a local angle, but it should create an editorial page that embraces the world.

"These goals seem contradictory, I know. But let us examine each one," he writes. "The reason that a weekly newspaper devotes its sole attention to local news is that it cannot compete on state, national or world news. Its readers already get this much sooner through dailies or the radio."

The second goal, that of an editorial page with unlimited content, is essential if anyone in Washington, the United Nations or the state capitol is to ascertain grass-roots opinion," Warring states.

"A history professor in our state has often said that a vigorous weekly can have more effect on foreign affairs than the London Times. This seems an extravagant statement, but it illustrates my point that a country editor need not confine himself to the bad holes on Main Street. United States senators, who have a considerably voice in foreign affairs, listen respectfully to his views on global policy."

### The stooped "know it all"

"The popular image of the weekly editor is a quaint character, noticeably stooped, who is trying to repair a broken-down press late on a Thursday night," concludes Warring. "This picture is only true of about one-fourth of our 9000 weekly editors. But they know their congressman, their governor and all other officials. They are on a first-name basis with all county leaders."

Warring's arguments certainly have merit.

Frankly, I have been concerned for some time about this problem. Sometimes it seems the world is going to hell or our nation is in great trouble. Sometimes we disagree quietly or violently with the statements or actions of our national leaders.

Sometimes we feel that you and I should do something about this—write, wire or scream to our congressmen, governor or president. And so very often these national and international problems affect you and me and our families—very directly.

### Shall we do both?

The Sun now concentrates on local, county and Bay Area affairs. These are certainly of major importance and they are our first concern. But should we also, on occasion, write about world affairs?

I would certainly appreciate a phone call or a postcard stating your views.

### Letters to The Editor

OBJECTIONABLE CALLS

Dear Editor:

(Ed. Note: The following letter was addressed as an open letter to District Attorney John Nejedly with a copy of The Sun.)

The telephone rings, you answer and a voice informs you that you were selected as a potential winner of a "Pot of Gold." That if you can correctly identify the President's picture on the \$5 bill you will win \$295 in merchandise orders. You venture the guess! Abraham Lincoln. Right!

MR. NEJEDLY, you have won! Now, a messenger will bring over your book of certificates but there is a service charge of \$2.95 which you will pay him. OK?

Of course there is a lot more of the actual "pitch" than is here related. They make it sound like a veritable "Pot of Gold." The thing that is objectionable to this whole mess, as

I see it, is that they enter into this exchange with anyone, any age.

If my youngsters were gullible enough to fall for it and carry out the \$2.95 transaction, I am afraid that I would get mean. Yet how can we protect our youngsters from this infringement of our privacy?

CAN WE sit back and let this continue? Is there not some facet of the law, Mr. Nejedly, that will protect the telephone subscriber from these rotten "boiler room artists?"

I am directing this letter to you, Mr. Nejedly, with copies to The Sun in the hope that the readers of these papers will know what is going on and be prepared.

I feel sure that if given enough publicity, these operators will go on to greener fields, providing you are unable to prosecute them.

C. R. JOHNSTON

FRIDAY, JULY 7, 1961

SOUTHERN CALIFORNIA was the destination of Mr. and Mrs. Donald James Cook after their wedding June 10 at St. Mary's Church in Walnut Creek. The bride is the former Patricia Ann Foley. Photo by Ted Gurney.

## Mr. and Mrs. Lloyd Gass Toast 50th Anniversary

The home of Mr. and Mrs. Lloyd Gass of Tice Valley Boulevard in Walnut Creek was the setting recently for a patio buffet for relatives and close friends of Mrs. Gass' parents, Mr. and Mrs. Edwin Erickson on the occasion of their fiftieth wedding anniversary.

Assisting were their son and his wife, the Glen Ericksons of San Diego, and their only grandchild, Carol Gass, a junior at the University of California at Berkeley.

Among those present were Erickson's sister, Mrs. Amanda Wiswell of Burlingame and his nephew, Austin Wiswell of San Francisco, who were present at the couple's wedding June 16, 1911 in Great Falls, Montana.

A feature of the gifts received by the honored couple was a "money tree" fashioned from manzanita in a bonsai bowl.

Also featured were pictures, newspaper accounts and an invitation to the couple's wedding. These were displayed on the tablecloth that had been used at

the Ericksons' wedding dinner fifty years ago.

Mrs. Erickson, the former Bessie Leffley, was born in Canada and came to Great Falls, Erickson, who was the first child born in the early day mining camp of Barker, Montana, was the son of Mr. and Mrs. Andrew Erickson, who had come up the Missouri River by steamboat and were among the founders of Great Falls, where they resided for 47 years. Erickson served many years as a member of the city council there.

Mr. and Mrs. Erickson, who reside at 136 Maxine Drive, Pleasant Hill, moved to California three years ago. They are active members of St. Andrew's Presbyterian Church in Pleasant Hill.

## Miss Foley, D. J. Cook Wed Here

A reception in the Gold Ballroom of the Claremont Hotel in Berkeley followed the June 10 marriage of Patricia Ann Foley and Donald James Cook.

The couple were wed in St. Mary's Catholic Church in Walnut Creek by Father McLaughlin.

Patricia is the daughter of Mr. and Mrs. Robert J. Foley of Walnut Creek. Donald is the son of the Robert Cooks of Concord.

Attending Patricia was maid of honor, Beverly Ann Lucas of Walnut Creek. Flower girl was Ginny Tornio.

Bridesmaids were Sue Cook of Concord, Maureen Scott of Walnut Creek, Kathleen Howard and Nora Nicholson, both of Walnut Creek.

The bride chose a white silk taffeta gown with re-embroidered alencon lace on the bodice and down the skirt. The dress featured long sleeves, a sweetheart neckline and a full chapel train.

Attendants to the bride wore sleeveless dresses of periwinkle blue silk organza with Sabrina necklines and bouffant skirts.

Dennis Halter of Concord served as best man. The four brothers of the groom, Ronald, Robert, Carl and Bill, served as ushers.

For her daughter's wedding, Mrs. Foley wore a beige dress with matching accessories. Mrs. Cook attended the wedding in a beige dress with matching accessories also.

The new Mrs. Cook is a graduate of Las Lomas High School and attended Diablo Valley College.

The bridegroom is a Mt. Diablo High School graduate and also attended Diablo Valley College.

After a honeymoon trip to Southern California, the couple will reside in Walnut Creek.

## Sigrid Salmon George Deeds Wed in Carmel

Sigrid Grande Salmon and George S. Deeds were married at a quiet ceremony at the Church of the Wayfarer in Carmel-by-the-Sea May 12.

Attended by Mrs. Thelma Tabor, sister of the bride, and Sigurd Grande, her father, the service was followed by a reception at Hotel La Playa in Carmel.

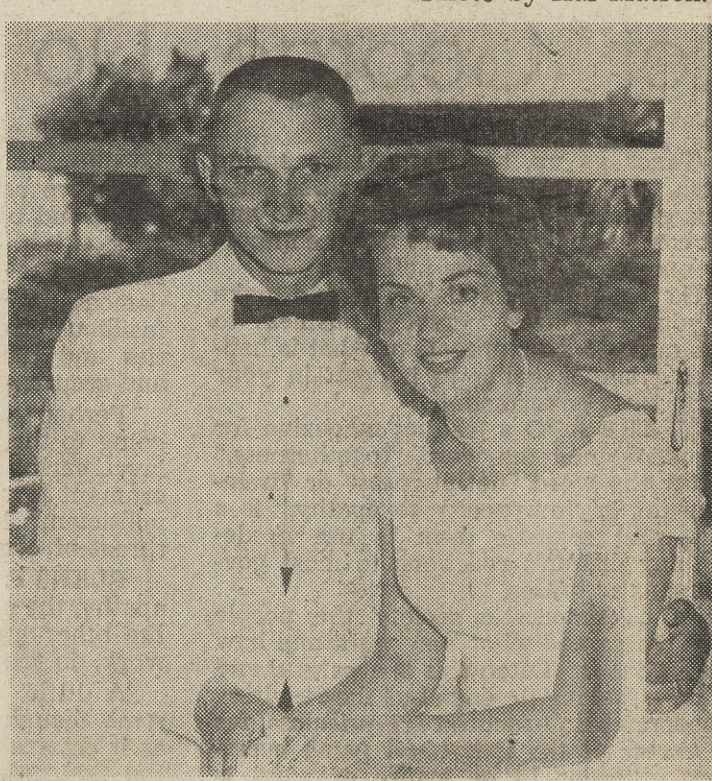

Mrs. Deeds, formerly a resident of Richmond, recently resigned as the director of the Volunteer Bureau of Contra Costa County and is now the director of the Community Welfare Council of Central Contra Costa.

A MID-AFTERNOON ceremony in Orinda wed the former Maureen Houlihan and Philip Raymond Wood. A rehearsal dinner was given then by the William Hartley Fosters of Orinda. The Fosters are the aunt and uncle of the groom. Photo by Hal Matson.

ANN GARRETT, sister of Mrs. Bob Mitchell of Orinda, was married recently to Robert Reever of Tennessee. Ann, whose parents live in Dallas, attended the University of California at Berkeley for two years. Photo by Hal Matson.

## June 10 Nuptial Rites Wed Ann Garrett

An evening wedding in the First Congregational Chapel in Berkeley was officiated by Rev. Richard Langford, of the Hollywood Presbyterian Church for Ann Beatrice Garrett and Robert Edward Reverts.

Ann is the daughter of Mr. and Mrs. Robert Claude Garrett of Dallas, Texas. She has been residing with her sister, Mrs. Robert Mitchell, of Orinda, while attending school for the past two years.

Reverts is the son of Edward John Reverts of Knoxville, Tenn. He attended the University of Tennessee and Fuller Seminary.

Ann has been studying at the University of California at Berkeley.

Given away by her father, Ann selected a white silk peau de soie gown for the June 10, 8 p.m. ceremony.

The gown featured three-quarter length sleeves, scoop neck, floor length chapel train, seed pearls and crystal beads on the bodice and sleeves.

Attending her sister as matron of honor, Mrs. Mitchell wore lilac silk organza princess style dress with matching accessories and pink flowers. The bridesmaid, Elaine Reverts, was similarly dressed.

Tammy Mitchell was flower girl.

Don Reverts served as best man, while Mallory McSwain and Jay Grimstead served as ushers.

The newly married couple departed for a Carmel and Southern California honeymoon after a reception in Geneva Hall of the First Presbyterian Church in Berkeley.

## Hit Show Tune Theme of Tau Nu Baby Shower

Tau Nu chapter of Beta Sigma Phi honored Mrs. Don Crosby with a baby shower recently at the Danville home of Mrs. Robert Steiger.

Flower Drum Song was the theme for the evening. Mrs. Rawleigh Robson and Mrs. Charles O'Bryan were awarded prizes for the most originally decorated gifts in accordance with the theme.

## Judy Lewis, Chris Lemler Exchange Vows

A June 18 wedding at the Orinda Community Church was read by Rev. Chauncey Blossom for Judith Kay Lewis and Elmer Christian Lemler.

Judy, as the bride is called, is the daughter of Mr. and Mrs. James A. Lewis of Moraga.

Her husband is the son of the Elmer C. Lemlers of Klamath Falls, Oregon.

An Acalanes High School graduate, Judy received a bachelor's degree in elementary education this March from the University of Oregon.

She affiliated with Sigma Kappa, Phi Lambda Theta, a women's education honorary.

Chris, the benedict, is a 1960 business administration graduate from the University of Oregon.

Given in marriage by her father, the bride chose a white silk organza gown with chapel train. Alencon lace bordered the neckline and over the shoulder. A silk illusion veil was held by a seed pearl crown. She carried a white Bible with white flowers.

Attendants for the 2 p.m. ceremony were: Cathy Fountain, Martinez, cousin of the bride as maid of honor; Betsy Woods, Woodland, sorority sister; Joyce Newman, North Bend, Oregon, sorority sister; Janice Lateana, Lafayette, and Judy Hunt, Lafayette, all bridesmaids.

Bridal attendants wore light pink silk organza dresses with pink accessories.

Roberta Fountain, Martinez, cousin of the bride, was in charge of the guestbook.

Attending the groom as best man was Jack Barry of Merrill, Oregon. Ushers were: Jim Cheyne, Redwood City, brother-in-law of the groom; Roland Mace, Dixon; Jim Lewis, Moraga, brother of the bride; Roger Loar, Lafayette.

For the wedding, the bride's mother wore an American Beauty silk organza sheath with matching accessories. The mother of the groom wore beige brocade silk with green accessories.

Southern California was the honeymoon destination for the newlyweds.

## Conclave Draws Three Phi Mus From District

Mrs. Norman Scott of Lafayette and Mrs. Jack Campbell and Miss Sue Freuler of Orinda joined Phi Mu collegiates and alumnae from nine western states at the Sacramento Inn in Sacramento recently for the sorority's biennial district convention.

They represented the University Phi Mu Alumnae Club, Mrs. Campbell as the group's president and Mrs. Scott and Miss Freuler as voting delegates.

The sorority's collegiate chapter at the University of California were hostesses for the convention for delegates and guests from 39 alumnae and six collegiate chapters in the district.

## Local Mills Grads Tour The Campus

Fourteen Mills College alumnae from Walnut Creek, Orinda and Lafayette met recently at the Oakland campus for homecoming and commencement.

From Orinda were Mesdames: Richard Copenhagen, Warren Dexter, Russell Gilwee, John Goldeen, Channing Kilburn and Scott Ramsden.

Attending from the Walnut Creek area were Mesdames: Harry Kurtz, Alex Barr, L. Brennan Blackledge, William Cottle, William Foster and Robert E. Lord.

Lafayette women who attended were Mesdames: Herbert Von Colditz and Stewart Wade.

Mrs. Von Colditz was elected president of the alumnae association.

## Club Leader Honors Board

The brand-new Therapy Center Terrace was the setting for a bridge luncheon held by Mrs. Alfred C. Phelps of Danville.

This recent affair was to honor the retiring board of the Alamo Women's Club.

Mrs. Phelps, the immediate past president of the club, mentioned that this social event was her way of thanking her co-workers for their cooperation and loyalty to the organization.

Among those luncheon with Mrs. Phelps were the Mesdames Leslie Aitken, Arthur Anderson, O. C. Cook, Lawrence Davitt, D. R. Hollingsworth, Donald Hughes, Alden Jones, F. W. McCracken, W. J. Murphy, Lawrence Stark, Frank Tiffany and F. R. Woodward, and the Misses Florence and Ida Turner, all of Alamo.

Her guests from Danville included the Mesdames Cecil Cole, R. Cordell, B. R. Draper and Terry Holt.

Mrs. Daniel Colson and George Doty were included together with Mrs. H. L. Morris and Donald O. Nelson, all of Walnut Creek. Mrs. W. A. Storch of Lafayette also joined the group.

The Therapy Center Terrace, located at 1475 East Newell Avenue, near the Broadway Shopping Center in Walnut Creek, caters to groups as well as individual luncheons.

Facilities are available for bridge parties or meetings until 4 p.m. Coffee is served from 10 a.m. until noon.

For additional information and reservations guests may call YE 5-0121 daily except Sunday.

The Terrace, which is the newest project of the 17 units of the Therapy Center donates all profits to the rehabilitation program of the Mt. Diablo Therapy Center.

## Culinary Honor

W. L. Netherby of Walnut Creek, president of the County Home Builders Association, announced that the directors designated Petar Jakovina, owner of Petar's Restaurant in Lafayette, as honorary director in charge of the culinary activities.

## Kelo Thraikill Becomes Mrs. K. W. Waldorf

Kelo Ann Thraikill became the wife of Ensign Kenneth William Waldorf June 17 at Shepherd of the Valley Lutheran Church in Orinda.

Officiating at the rites was Pastor Albert Hidy.

Daughter of Mr. and Mrs. Robert Byrne Thraikill of Orinda, Kelo was escorted to the altar at the 8 p.m. ceremony by her father.

Her husband is the son of Lt. Col. (ret.) and Mrs. H. A. Waldorf, U.S.M.C.

The new Mrs. Waldorf selected a floor length gown of pure white imported silk organza and Swiss applique lace.

The portrait neckline and short sleeves of the fitted bodice were appliqued with scrolls of Swiss lace.

The Swiss lace trim was repeated at the waistline, falling into a full gored softly pleated bell-shaped skirt. The veil was an elbow length of silk illusion veiling with a pearlized coronet. Flowers consisted of a bouquet of lilies and stephanotis.

Attendants to the bride were: Linda McCreigh of Palo Alto as maid of honor, a Delta Delta Delta sorority sister; Kristine Waldorf, sister of the groom; Byrness Jane Thraikill, sister of the bride.

They were dressed alike in white pure silk shantung sheath dresses. They carried arm bouquets.

Best man was Henry Morgan, of Burlingame. Ushers were James Donham, Orinda; Keith Thraikill, brother of the bride.

Following the wedding, a reception was held at the home of the bride's parents in Orinda. The house was decorated with bouquets carrying out the color theme of yellow and white.

After a brief honeymoon in Carmel, the couple will tour the United States enroute to their new home in New London, Connecticut.

Kelo has completed her junior year at the University of Oregon. A graduate of Acalanes High School, Kelo belongs to Delta Delta Delta sorority.

At the University she enrolled in the Honors College. Kenneth is also a graduate of Acalanes.

## Hartsough's Venture Into the Andes

Dr. and Mrs. Walter Hartsough of 64 Valencia Road in Orinda will spend four to six weeks camping, climbing, hiking and study in the craggy Cordillera Blanca mountain chain which forms part of the Andes, backbone of Peru.

## Miss Gibbs Marries D. A. Lawrie

Barbara Dinsmore Gibbs was married to Douglas Arthur Lawrie in a ceremony performed at Zephyr Cove, Lake Tahoe, Nevada, June 17 in the presence of the bride's parents, Mr. and Mrs. Charles James Gibbs of Orinda.

The bride is a recent graduate of Scripps College, Claremont, where she majored in literature. James, Charles and Robert Gibbs are her brothers.

She is the granddaughter of Mr. and Mrs. Horace Dinsmore Lyon of Carmel and of Mrs. George Gibbs, Sr. of Palos Verdes Estates and the late Mr. Gibbs. She is the niece of Miss Margaret Lyon of Berkeley, Mrs. David Bickford Gideon of Oakland, Mrs. Axel Flink of Sacramento, George Gibbs of Claremont and Peter Lyon of Carmel.

The groom graduated from the Stanford University School of Architecture in 1953 and recently received the degree of master of fine arts in ceramics from the Claremont Graduate School.

Some of his work is currently on display in the Oakland Museum of Art. He is the son of Mrs. Evelyn Veach of Anchorage, Alaska and of the late Mr. William Lawrie and the brother of Mrs. Don Kirkwood of Novato. Mrs. Hartley Shaw of Los Angeles is his grandmother.

During the summer the young couple will make their home in Claremont. In the fall they plan to go to Japan for a year where the groom will continue his study of ceramics.

## Western Motif Sets Mood For Club Fiesta

Hay bales, saw horses, checkered table cloths and even stuffed dummies hanging from the big oak trees will set the mood for Diablo Country Club's Western Fiesta, tomorrow.

Equestrian members of the club have undertaken the planning of the annual summer party, a pool-side dinner dance.

According to Mrs. George Sauer of Diablo, chairman of the party committee, candlelight tables will surround the big pool, and dancing will be on the patio to the music of Little Jack Horner's Band.

During the evening, there will be a square dancing exhibition, presided over by a professional caller.

## The Sportsmen

### Weather Causes Pollution; Sportsmen Elect Officers

By LARRY JACKSON

Checking with the EFF N' GEE boys this week on the water pollution, we have been informed that no particular influx of acid into the river had occurred during the past week.

Extensive research by the department showed that the hot weather had created more acid content than usual. So nature had more to do with the water contamination than pollution by industry. The terrific heat evaporated what little oxygen there was in the water and caused many fish to die.

With a quick decline this week, the fishing news is a little bit on the short side. Wind in most areas held the fishing down, but in the calmer areas fish were taken in the 10-pound group.

Many of the localities—Harry Knudsen, Olin Eddie, Kurt Hasse and the others had not returned from their long weekend by press time—so more about that next week.

Locals Chet Arthur, George Van Meter, Howard Giuffre and Al Valche made the trek up to Anchor Bay for the low tides of the week and reaped their harvest of abalone. They all took fishing gear along, but the winds kept all craft dockside and the futile effort of surf casting proved just that. Ever try to cast against the wind? The boys had a fine sport and their limits of the abalone in short order.

At McAvoy's Harbor the boats were idle during the wind, but a few were out with fair results by trolling.

At White's a few keepers in the 4-5 pound class as well as plenty of flounder from the pier. The extension is not quite finished, but the planking and railings will be all set for right after the holiday.

Trollers out of Dowdell's had several good days on 10 pounders with the morning run now picking up with the change of tides.

Reports from Clear Lake, the bronze backs, are now hitting with fish in the 4-6 pound class as well as plenty of crappie and bluegill. Berryessa bass sport is on the upgrade as well as panfish and the cats. Boating has been on the slow side with the wind cutting capers and when that lake cuts capers it doesn't fool. Get ashore fast is the rule when the wind breaks.

The Walnut Creek Sportsmen's Club held their election of officers on the 27th. A good crowd of members were on hand and voted first on the change of the By-Laws, setting up two new officers and adding another director. The vote carried unanimously.

The new slate of officers for the coming year are: president, Jim Buck, the old fly-tie of national fame; first vice president, Jim Monk, who is doing such a fine job of training the teenagers in gun handling and shooting department; second vice president, Bill Collins; corresponding secretary, Al Moigle; recording secretary, Jack Cullen; membership secretary, Fred Goble; treasurer, Carl Rasmussen; sergeant at arms, Bob Duggan and directors, Chet Arthur, Art King, Bill Overmiller, Charles Allen and the added retiring president and former president, Dick Hinkson and Ken Fraunce.

From where we sit this stacks up as a fine selection of hard working officials and should make a fine showing for the club for the coming year.

Jim Monk reported to members that affiliation with the National Rifleman's Association is making progress and should be forthcoming shortly. Work is progressing satisfactory at the range and a small class of teenagers were graduated last week.

A convention is being held in San Jose of the California Wildlife Federation, of which the club is a member. Several members are attending.

Reports from the Sportsmen's Council of Superior and the Northern California Sportsmen Club are both satisfied with the fish and game laws as passed by the legislators this year.

While Bill 1887 has been defeated this year, there is the possibility it may be rewritten and presented at the next session. A watch is being kept on this.

## Local Clubs Send Boys to Church Athletic Program

Local Kiwanis and Rotary clubs will send Greg Bertagnoli, Bob Nichols, Mel Cameron and Bill O'Toole to Estes, Colorado, this summer.

The boys will take part in the Annual Fellowship of Christian Athletes program organized through their churches.

The program will last from August 13 to 18.

The boys were chosen for their athletic ability and interest in the program.

Each boy is required to have the signature of his pastor indicating that he understands the purpose of the program and is sincerely interested in taking part in the planned activities.

Morning sessions will feature inspirational topics discussed by top clergymen and laymen from all over the United States. Lectures and discussion groups will be a part of this morning activity.

Afternoon sessions will include taking part in athletics and learning techniques involved with coaching.

The program was started in 1956 and 230 boys attended the original event.

Each year since then the number has increased steadily, reaching 925 last year.

## Martinez First After Two Wins

Martinez moved into undisputed possession of first place in the Diablo Valley Babe Ruth League this week with wins over Pacheco and Danville.

Lafayette remained in second place with wins over Pacheco, 8-1, and Orinda, 4-3.

Bill Eigard hurled a no-hitter for Lafayette in the win over Pacheco.

In losing to Lafayette, Orinda blew a first-inning three-run lead and finally lost it in the final inning.

ACE pitcher Pete Boyle of Orinda was taken out after five innings in the Lafayette game due to a Babe Ruth rule which states that no pitcher may throw more than seven innings in one week, except in the event of tie games.

Lafayette went on to win after Boyle departed.

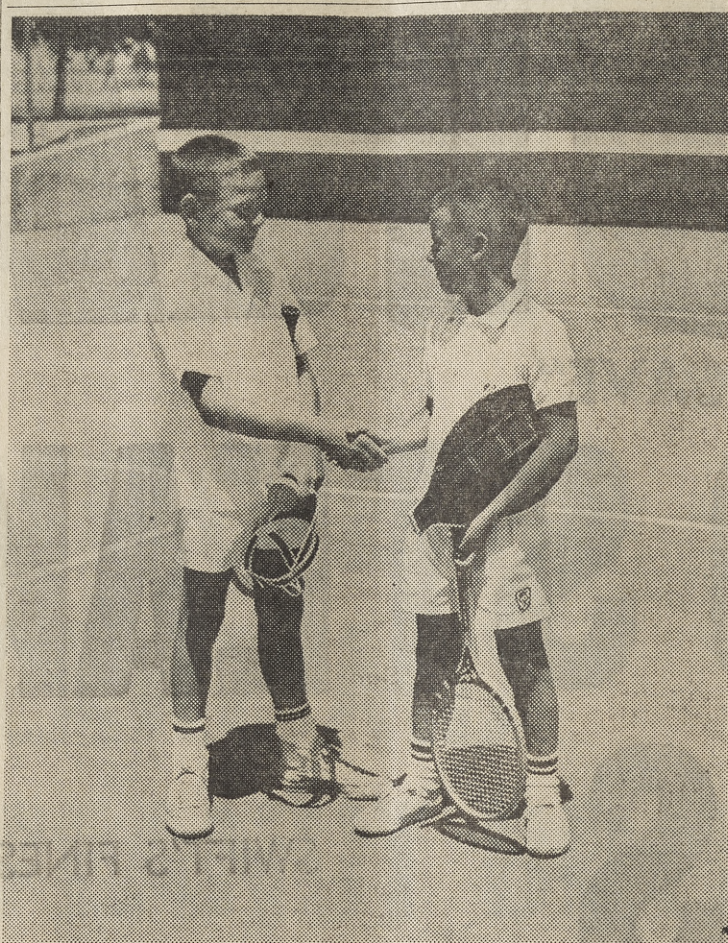

In a midweek game Danville lost to Orinda, 12-6, falling apart in the third inning.

In the no-hitter pitched by Eigard, Rick Underwood smashed two doubles and Bill McHale tripled.

Later in the week Underwood clouded a home run against Orinda.

## Orinda Wins 2nd Legion Game, Then Loses No. 7

Martinez' winning streak in the Contra Costa County American Legion league ended Sunday as North Richmond pulled off a 3-2 upset.

The loss left Martinez one game in front of Concord with an 8-1 record.

North Richmond moved into third place in league standing with a 6-3 mark.

Orinda won its second game of the season Saturday with a 7-4 conquest of El Cerrito, but fell to second-place Concord, 10-8, in 10 innings Sunday.

Walnut Creek lost to Richmond Sunday, 15-10, after coming from eight runs behind to tie the score, 10-10.

Walnut Creek did not play Saturday.

**JOHN PAUL JONES** hurled a five-hitter for Orinda in the win over El Cerrito. He struck out 10 and walked only two in the game.

## Tom Strain Stars In Eastbay's Loss To Westbay, 11-9

Tom Strain of Acalanes High School collected two hits and drove in three runs in the Eastbay's 11-9 loss to the Westbay in the First Annual Bay Area High School All-Star baseball game held Saturday at Candlestick Park.

Strain was an All-Foothill League selection as a pitcher, but he played right field for the all-star game.

He currently is playing for Sports & Games of Walnut Creek and has performed at first base, third base, outfield as well as pitching.

The Westbay jumped into a 9-1 lead, but were forced to hang on as the Eastbay scored four times in the eighth and added four more runs in the ninth.

Strain's single with the bases loaded sparked the eighth-inning rally.

All proceeds of the game go to the University of California Hospital for research in polyps of the larynx, usually a fatal disease in small children.

Approximately 3000 fans turned out to see the game, which was devised less than a month ago by the United Order of the True Sisters.

The game revived a series of high school all-star games which ended in 1955.

## Rose Beats Witt Again

Gary Rose made it two in a row over top-seeded Reed Witt of Larkspur, by winning the National Junior Hardcourt Tennis Championship last Sunday.

Rose, of Orinda, was fourth-seeded in the tournament at Burlingame.

He had toppled Witt for the state junior championship only a week ago.

Witt was favored in both tournaments.

Rose won with scores of 3-6, 7-5 and 6-2 to defeat Witt and cop the national title.

**CATCHER** Bill Howerton of Walnut Creek collected three hits in the loss to Richmond Sunday at Civic Field.

He rapped out a home run, double and single to pace the locals' comeback, which went for naught when Richmond's third pitcher hit a three-run homer in the eighth inning.

Doug Sizemore, who relieved Sam Thomas in the third inning as Richmond scored six times, was the loser.

He had pitched scoreless ball until Ron Huth hit one into the centerfield trees to break up the game.

## 2 Lafayette Women Place in Golf Meet

The Tilden Park Women's Golf Club staged an accuracy tournament last Wednesday in Oakland.

Mrs. Jack Neely of Lafayette took third place in the class B standings with a 108-23-85.

Mrs. Neely was five strokes back of the first-place finisher.

In class C, Mrs. N. A. Bozeny, also of Lafayette, came in second with a 112-30-82, only three strokes back of the first position.

## A Loss Would Oust Team From NBC State Meet

Pleasant Hill was eliminated in two straight games at the National Baseball Congress State Tournament in San Rafael and Walnut Creek faces a "win or else" situation tonight.

The Merchants scored a 9-8 win over the Ongaro Plumbers of San Anselmo Saturday night, but lost to the San Rafael Merchants, 8-2, Tuesday evening.

The Merchants will play the winner of the Ongaro Plumbers-Melody Ramblers game tonight at 6 p.m. at Albert Field in San Rafael.

In order for the Merchants to win the first half of the state tourney they must win four straight games in three days, a big order for any team.

A loss tonight would eliminate the local team.

So far, five of the 10 teams have fallen by the wayside in the double elimination meet.

San Rafael and the Humboldt Crabs of Eureka are both 3-0 and the only undefeated teams left in the tourney.

They face each other tonight at 9 p.m.

**THE WINNER** of the first half will face the winner of the second round of the tourney to decide a state champion.

The two winners will play a best two of three series, with the final victor collecting \$1000 and the right to represent the state of California in the national NBC tournament in Wichita in August. Prize money worth \$10,000 and a trip to a foreign country goes to the national champion.

Pleasant Hill stumbled in its first game, losing to Melody Ramblers, 16-11 in 11 innings after blowing a ninth-inning lead.

Pleasant Hill jumped off to a 6-3 lead, but a three-run ninth inning put the Ramblers out in front, 7-6. A run in the bottom of the ninth tied the score for Pleasant Hill.

Each team scored once in the tenth before the Ramblers broke loose for six runs in the 11th frame.

**BEN RENIKER**, who relieved Leroy Foncaca in the sixth inning, was charged with the loss.

He had pitched three shutout innings, but ran into trouble in the ninth with Pleasant Hill in front, 6-4.

Manager Bill Howerton hit two homers for Pleasant Hill. His grand slam highlighted Pleasant Hill's five-run second inning.

Bill Chappell had two doubles for the losers. Mark Bowers had a single and a double also.

Monday, the San Francisco Misracks could do no wrong as they got fine pitching and good four trips.

Singles by Jim Maggart, George Colburn and Ransome, plus a walk and a fielder's choice, gave the Merchants their only runs.

McElroy had a perfect day at the plate with two singles, a double and two walks.

Ransome had two singles in 11 runs.

The winners got 12 hits off Ransome, who went the distance for the Merchants.

## S&G Wins Two; Martinez Legion Team Here Sun.

By HEC HANCOCK

After being held pretty much in check the past two weeks, the bats of the Sports & Games baseball club erupted over the past weekend, as the local club notched a twin killing, downing the Oakland Teamsters 13-6, and the All Stars of the Walnut Creek Junior Baseball League, 15-5.

The victories broke a three game losing streak, and brought the team's season record to five wins against three losses.

Sunday, Sports & Games will tangle with the league leading Martinez American Legion team. The game will be played at Civic Field starting at 10:30 a.m.

Bill Remy was effective on the mound in the Sunday game against the Teamsters, limiting the visitors to six hits and picking up seven strikeouts. The club

played well afield and showed good power at the plate.

Bob Morris and Stu Fox each hit homers, and Tom Alamoano was two for four on the day. The Sports & Games displayed batting strength.

FOLLOWING its success of Sunday, the team took on an All Star aggregation selected from the American League of the Walnut Creek Baseball League.

Under the direction of Jerry Stubbs, the young All Stars jumped off to a two-run lead.

However, it proved to be a short lived advantage, as Sports & Games unlimbered its big guns and overpowered the younger opponents.

Tom Strain, assisted by Denny Hall in the last two innings, combined to limit the All Stars to five scattered hits.

Larry Bradford was charged with the loss.

Beth Bradford and Richie Nye who came on in relief in the third inning, were hurt by costly fielding errors that contributed directly to five runs.

BOBBY GILHAM had his best lay of the season at the plate as he picked three safeties in four trips to the plate.

Morris slammed a homer into the creek and had three hits. Alamoano continued to play fine ball and picked up two hits in four tries at the plate.

Harold Stephenson and Tom Strain were also two for four. Rene Brandal came up with some great catches to rob the All Stars of two hits.

Gordon Rakow of the All Stars picked up two of his team's five hits.

## A Warning to Parents About Water Accidents

"This summer the younger members of our community will be playing in and near water. We as parents and responsible senior members of the community, must protect children from drowning and water accidents."

This warning was given to local residents today by Dr. Albert H. Domn, a medical director of an insurance company.

"With school letting out for the summer and the warm weather of June drawing children to water, now is the critical time for parents to review, teach and practice basic water safety rules," he stressed.

Dr. Domn pointed out that the initial responsibility for the safety of children rests with their parents. He added that parents can be assisted in water safety education by the Red Cross, YMCA, National Safety Council, local swimming pool departments, summer camps and youth groups.

He suggested that parents teach children a respect, not fear or indifference, to water at an early age. "For their own protection, teach them to swim early in life," he urged.

"Never leave a child alone in water, even for a moment," he warned.

Deaths of children in wading pools and other bodies of water usually occur when adequate supervision is lacking, he added.

Dr. Domn warned parents that many drownings occur when children accidentally enter water. He also urged that all swimming pools be securely fenced and that fish and lily ponds be filled in or surrounded by a child-proof fence.

Yards should also be fenced when such hazards as irrigation ditches, abandoned wells and cisterns exist in the neighborhood he said.

## New Address Numerals Will 'Dress-up' Area

New business address numerals will soon bring both uniformity and good looks to the business area of Lafayette, according to Chuck Johnston, Lafayette Chamber of Commerce manager.

The new numerals will be black, permanently fused to a durable white lucite plaque, three by eight inches. Jack Hageman, chamber president, will be the first to display the new numbers at 3525 The Plaza.

Johnston said the new numerals are part of the chamber's continuing efforts to make downtown Lafayette more attractive. The chamber manager said the lucite plaques cost \$1.50, including four numerals. They may be ordered from Moog Plastics, Incorporated, 1010 Blackwood Lane, AT 3-8700.

## Jury Committee Finds St. Mary's Road Inadequate

Roads in Lafayette-Orinda-Moraga area were found to be in basically good repair recently by the Public Works Committee of the Contra Costa County Grand Jury, but St. Mary's Road came in for particular attention.

"St. Mary's Road is winding and narrow and should be widened, as it is heavily trafficked," the committee said.

Also, "Plans and specifications are ready for construction as soon as funds are available."

ACCORDING to County Public Works Director Victor Sauer, funds are included in the 1961-62 budget for this project.

Regarding other roads in the area, the committee recommended:

Moraga Road at Rheem Boulevard. Realign the intersection to keep pace with development in the area.

Also recommended was that the county inform the state highway division to paint arrows on all freeways, whereon motorists enter or exit.

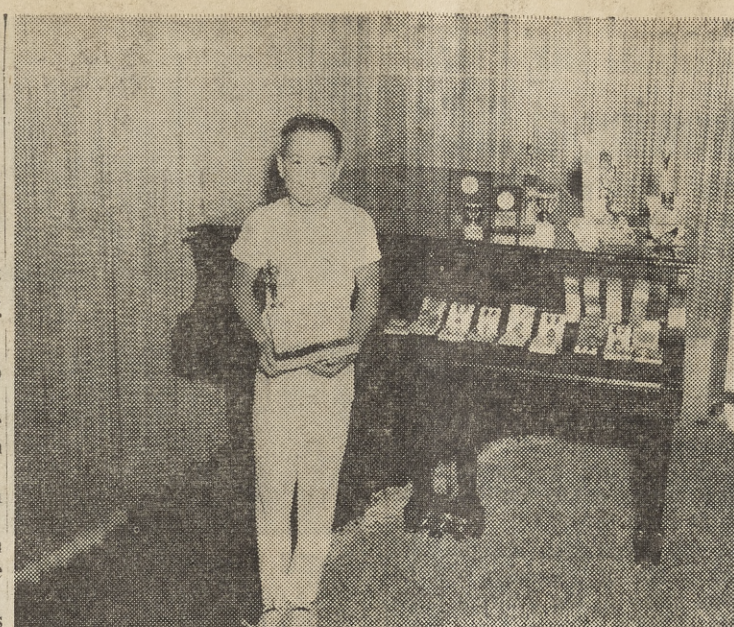

## Planning Now Will Bring Fall Blooms

Shop for container grown roses in bloom and enjoy their color through summer into fall. A late and final planting of dahlias will give you fall bloom when early planted tubers are dying back.

Spray tuberous begonias to prevent mildew. Be sure the spray is recommended for mildew on begonias.

Chrysanthemums bought in bloom this month can be cut back when the bloom is gone and encouraged to bloom again in fall.

Prune back leggy growth on camellias. Some more than others seem to grow rangy and need restraint. Let your eye be your guide.

MIKE SULLIVAN of Orinda holds the trophy he won as high point man in the area-wide YMCA Gymnastic Championships in Los Angeles last month. He entered five events and won all five for the second year in a row. On the piano are other awards the 10-year-old has won in his three years of competition.

## Sullivan Wins Gymnast Title

Mike Sullivan of Orinda was the winner of the Area-Wide, YMCA Gymnastics Meet held in Los Angeles last month.

The meet included entrants from California, Nevada, Arizona and New Mexico.

Mike, 10, will be a fifth grader at Del Rey school next year.

He entered five events on won first places in all five—trampoline, tumbling, free exercise, parallel bar and still rings.

Mike has won the five events two years in a row and has been the high point man in his age group for two years in a row.

He was the only person in the entire meet to win five first places.

Other sports activities include diving.

Mike has been the Junior Olympic diving champ for two years in a row and state diving champ for his own age group in the Pacific Association AAU championships.

Mike has attended the YMCA for the past three years and this is where he gained his experience.

## Are You Burglar Proof? No. 75996 Can Tell You!

Summertime is harvest time for burglars — and no thief ever enters uninvited, is the warning of David Skowronek, now serving time in the State Prison of Southern Michigan. Author Skowronek, also known as No. 75996, tells what you should do to discourage unwelcome guests, in the July issue of Suburbia Today, which is of your Sun.

## 4 Orinda Cadets In Training at Fort Lewis

Four cadets from Orinda are receiving six weeks of training at the Army Reserve Officer Training Corps (ROTC) summer camp at Fort Lewis, Wash.

The training is scheduled to be concluded July 28. During this training the cadets are receiving practical experience and instruction in tactical, technical and administrative subjects, with special emphasis placed on the duties of a second lieutenant in an infantry unit.

Cadet Stephen E. Parks, 21, son of Mr. and Mrs. Harry A. Parks, 80 Rheem Boulevard, is a 1958 graduate of Acalanes High School. He is a student at San Jose State College.

Cadet William L. Calhoun III, 20, whose father lives at 40 Miner Road, is a 1958 graduate of Portsmouth (R.I.) Priory High School and is a student of the University of California in Berkeley.

Cadet Burch H. Witzpatrick Jr., 22, whose parents live at 39 Ardila Road, is a 1956 graduate of Acalanes High School and a 1961 graduate of the University of California.

Cadet Gordon S. Fowkes, 22, son of Mr. and Mrs. Frederick M. Fowkes, 110 Las Vegas, is a student at UCLA. He graduated from Acalanes High School in 1957.

Finally, "Getting Around" settles once and for all the problem of what to do with old light bulbs, traveling salesmen who show up in swimming trunks, and babies who are frightened of hypodermic needles; while our cartoonists (Good Grief!) turn out some comments on "The Misfits."

## Sid's-Simon's Country Fair in Second Big Week

The annual Sid's and Simon's Country Fair began its second bargain-filled week Wednesday at the two Walnut Creek stores.

The special values offered at the stores during the fair will continue for two more weeks, according to store officials.

Besides the savings that can be found at both stores, many added attractions are being offered to local residents who visit the stores during the next two weeks, according to Sid Wallace, owner of Sid's Stores and Fred Janes, manager of Simon's Walnut Creek store.

Sid's is open from 7 a.m. until midnight every day.

Simon's is open from noon until 9:30 p.m. Monday, Wednesday, Thursday and Friday. Saturday and Sunday the store is open from 9:30 a.m. until 5:30 p.m.

**BOTH STORES** are featuring blue ribbon merchandise during the fair.

The ribbons indicate the best quality in each department, store officials say.

There are daily drawings or contests for prizes at both stores with no purchase necessary for a person to win.

Sid's is having daily drawings on hams and other merchandise.

Simon's is giving away valuable prizes in its various departments.

One grand prize drawing took place Monday at Simon's with two more scheduled at Sid's.

There will be a drawing next Monday and then the final one a week later.

A set of tires, a shotgun and many other big prizes are being given away in these drawings, according to store officials.

**INVESTMENT OF THE WEEK**

**EARN 10%**

As a special feature at Simon's, free hayrides are available to the younger set each weekend.

For the kids at Sid's tomorrow will be ring master Billy Grant.

**HE WILL** appear from 10 a.m. until 4 p.m. at the store, transforming balloons into lifelike circus animals which will be given away free.

The Buckeye Ranch is supplying the wagon and a team of horses each Friday from 7 to 9 p.m. and Saturdays and Sundays from 2 until 4 p.m.

There are special contests at Simon's for the youngsters, also. Boys and girls in either the 5 to 8 age group or the 9 to 13 age group can enter a special contest where they try to guess how many sinkers there are in a tackle box.

The boy or girl making the best guess in the younger group will receive a box of toys.

**A BICYCLE** is first prize for the best guesses in the older group.

The contest ends July 14 at 1 p.m. Winners will be named at 4 p.m.

Other features of the fair include free balloons and candy for the youngster visiting either store.

Sid's is giving away cotton candy and Simple Simon is on hand to amuse the youngsters daily at Simon's.

Also, the Paws and Taws famous square dance group from Danville will perform each Friday night.

## Queen Hopeful Once Headed Big Parade

Riding at the head of the Walnut Festival parade in September will not be a new experience for one of the queen aspirants—if she wins the contest just getting underway.

Mischelle Laverty, daughter of Mr. and Mrs. John Laverty of 1872 Magnolia Way, was grand marshal of the parade 10 years ago, in 1951.

At that time, she was a Brownie Scout and was selected by the Walnut Festival Association and the Girl Scout organization to represent the youth of the area and ride at the head of the parade, along with a young Cub Scout.

Proceeds of the Walnut Festival traditionally have been spent to develop youth recreational facilities.

## Shift of Jobs Might Save Thousands

The County Taxpayers Association has recommended that the county shift the placement of neglected children from the probation to the social service department.

The Board of Supervisors referred the suggestion to County Administrator J. P. McBrien for study.

Harry Morrison, association executive secretary, told the supervisors that the probation department each year spends \$60,000 on salaries for placement workers.

He said, "If the jobs were transferred to the welfare department, the county could get back half of that from state and federal subventions."

## Second Big Prize Drawing at Sid's

The second grand prize drawing in the Sid's-Simon's Annual Country Fair will be held Monday at 9 p.m. at Sid's.

The third and final grand prize drawing of the three-week affair will be held Monday, July 17 at Sid's, also.

The lucky winners of Monday's drawing will receive a set of \$39.95 Halolight wear-ever cookware and a \$54.95 Porter Cable router from Simon's.

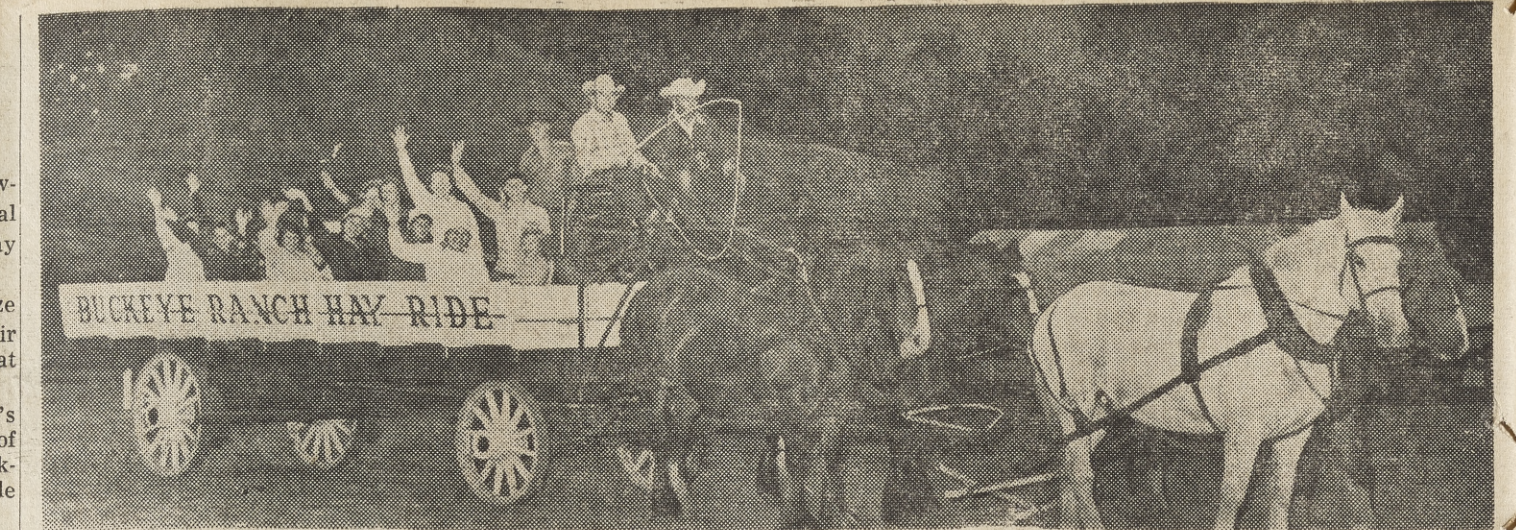

A \$75 Remington shotgun and \$100 worth of groceries will be given away in the drawing courtesy of Sid's.

The winners of the final grand drawing will receive a set of four whitewall tubeless nylon tires, any size, installed from Simon's.

A General Electric Mobile-Maid portable dishwasher valued at \$189.95 will also be given away from Simon's.

Sid's will also give away a \$69.95 Lord Elgin 30-jewel, self-winding wrist watch in the drawing.

Sun classified ads appear in five papers for one price!

**FREE HAY RIDES** will be yours for the asking at Sid's and Simon's during their combined Country Fair which opened this week. The rides will be available

each Friday from 7 p.m. to 9 p.m. and Saturdays and Sundays from 2 until 4, starting at Simon's. The Buckeye Ranch will supply team of horses and wagon.

## Anderson Talks About Real Estate Laws

William Anderson, chairman of Legislative Committee north, spoke Monday on the "Outcome of Bills in the State Legislature Affecting the Real Estate Industry."

Occasion was the weekly breakfast meeting of the Contra Costa Real Estate Board, held at the Walnut Creek Elks Club.

Charles Bailey, board president, also spoke.

## Search Is On; Queen Wanted For Glamor Job

The annual search is on for the local beauty who will reign over the Walnut Festival in September!

Young ladies endowed with beauty, poise and charm, from 17 to 24 years of age, whose heart's desire is to be Queen of the Walnut Festival, are urged to lose no time in applying for Walnut Creek's most glamorous job.

**ENTRANTS** are expected from all parts of Central Contra Costa County, according to Bill McLaughlin, contest chairman. However, a candidate will not be accepted if she is entered in another queen contest in the county at the same time, he said.

Winner of the contest will receive an air trip to Hawaii, a large trophy and the adulation of thousands of loyal Walnut Festival subjects.

She will be crowned at a gala ceremony September 22, and ride with her attendants atop a float in the honor spot in the Walnut Festival Sunday parade.

**DURING** the contest, which begins officially July 5, candidates

will be feted at civic luncheons, appear on radio and possibly television, and be expected to participate in many public events, according to McLaughlin.

Assisting McLaughlin on the contest committee are Ted Gurney, Robert I. Schroder and Dave Thomas.

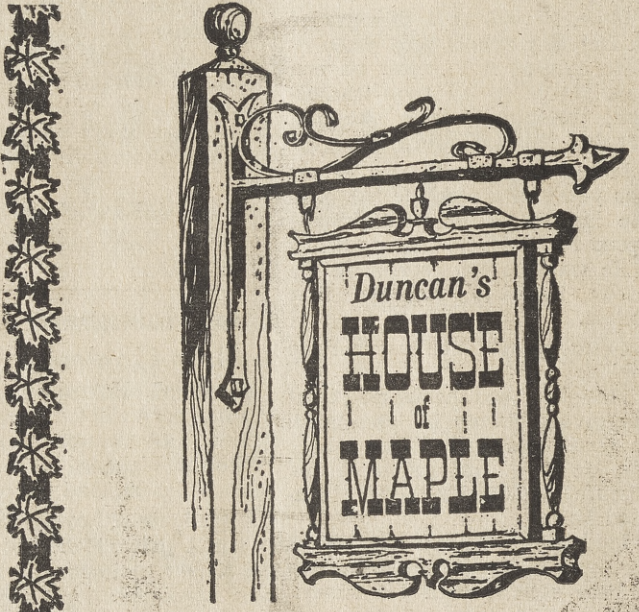

Contest rules and entry blanks may be obtained from Ted Gurney, photographer, 1602 Locust Street.

## Recommendation 'Horridies' Plan Commissioner

"Ridiculous," a county planning commissioner told The Sun recently, as he referred to a recommendation made by a committee of the 1960-61 Grand Jury.

The committee recommended that people in the real estate profession and building business be represented on the Contra Costa Planning Commission.

The commissioner explained that if this recommendation were followed it might result in competitors sitting in judgment against competitor, perhaps even his own firm. He added that pressure groups with selfish interest would be provided with a tool to push through their interests, if the recommendation were followed.

"THIS REMINDS me of 1954 when title companies and real estate men tried to push through quarter acre zoning. I think that public interest in the planning commission has dwindled recently."

"The public is becoming apathetic. I think that improvement associations and homeowner groups should be more concerned with matters that come before the commissions. We do have an occasional turnout when some issue arises, but these people should be concerned all the time, not just when some issue approaches their back yard."

Regarding the Grand Jury committee's suggestion that night meetings be abolished, the commissioner said, "It is one thing to take two or three days a month for a field trip, but quite another to take one or more afternoons off a week for a meeting. This could be very difficult for commissioners who have to earn a living."

"IF THIS recommendation is followed, I am afraid the commission would lose the type of person it needs."

## United Crusade Goals are Set

United Crusade solicitors will seek \$280,162 during their campaign this fall in Contra Costa it was announced by Gerald C. Stanley, county campaign chairman.

"While the sum involved is considerably less than last year's goal it is in fact 8.8 per cent over last year's collections and will require a total of \$22,841 in money from new sources which have not previously contributed in our county," said Stanley.

The 1961 plan calls for a major

## Realtors Pick Golf Clubs

Joe White's score of 73 was low gross for the Men's Golf Day of the Contra Costa Real Estate Board, it was announced.

Other standouts: Jack Stoeffel, second low gross, 78; Dick Backe, low net (with established handicaps) 70; Joe White, second low net, 70.

Tie for low net (Calloway), Doug Knight and Harry Davis, 67 each; hole-in-one, Jack Stoeffel, 28 1/2 inches; longest drive, Leon Rahn, 335 yards; Clark Wallace, 315 yards.

Best dressed golfer, Jerry Friedrich.

Clark Wallace was Golf Day chairman.

At the Multiple Listing breakfast, Monday, Walnut Creek Planning Director Les Foley was speaker.

## Newcomers Will Hold Festivity

Officers for the Orinda Newcomers were installed recently by Mrs. Harold Scott, parliamentarian.

At the May meeting at the Orinda Country Club, seven new members were welcomed into the social organization. The membership now numbers over 100.

**THE SEVEN** new members are Mesdames A. L. Borden, Richard Schwarz, Charles Angel, Aymond Krenek, John O'Neil, Ernest Roycroft and Allan Schuyler.

July 8 a cocktail, swim, dinner party will be held at Wildwood Acres, St. Marys Orchard, Lafayette.

The festivities begin at 6 p.m. with cocktails or swimming.

firms — whose activities extend across county lines—to be grouped together into one single Baywide division. This, of course, reduces the size of our county goal over previous years," Stanley explained.

On the five county Bay Area level it is expected that 1/3 of the \$11,000,000 goal of United Bay Area Crusade will be collected by this division, Stanley noted.

He added that inclusion of the firms will not mean a reduction

of county allocations. The amount raised by the Major Firms Division will be reapportioned to the 53 Contra Costa agencies at the conclusion of the fall campaign.

The breakdown of the county goal on the local geographic level was reached at a cabinet meeting of the campaign chairmen as follows: Charles Brown for West Contra Costa, \$131,240; Thomas McBride for Central Contra Costa, \$112,092; and Julian P. Newman for East Contra Costa, \$36,830.

Why Take a Penny Less Than The Most Interest For Your Insured Savings

Make believe your watch is set to 10 p.m. by the Honolulu airport clock. "Aloha...welcome aboard South Pacific Airlines to Tahiti!" Settle back in incomparable luxury: rich, South Seas decor, the deep comfort of two-abreast seating throughout. Want anything? Never mind the hour—just ring. Here's one of your gracious hostesses; instead of the gay print uniform she wore at flight time, now it's a lovely Tahitian pareu and a fragrant flower in her hair.

**UNWIND IN TAHITI TOMORROW**

Your spirits soar in the atmosphere of true Polynesian hospitality. You doze, perhaps to dream of carefree adventure ahead... a morning sun awakens you as you near a jade-rimmed tropic isle. "Taorana... welcome to timeless Tahiti!" With jet connections from the Mainland, we offer you the perfect way between U.S.A. and Tahiti... with experienced air travelers it's the only way. Ask your travel agent about AMERICA'S SKYWAY TO POLYNESIA!

# Learn the Tricks If You Plan Shade Gardening

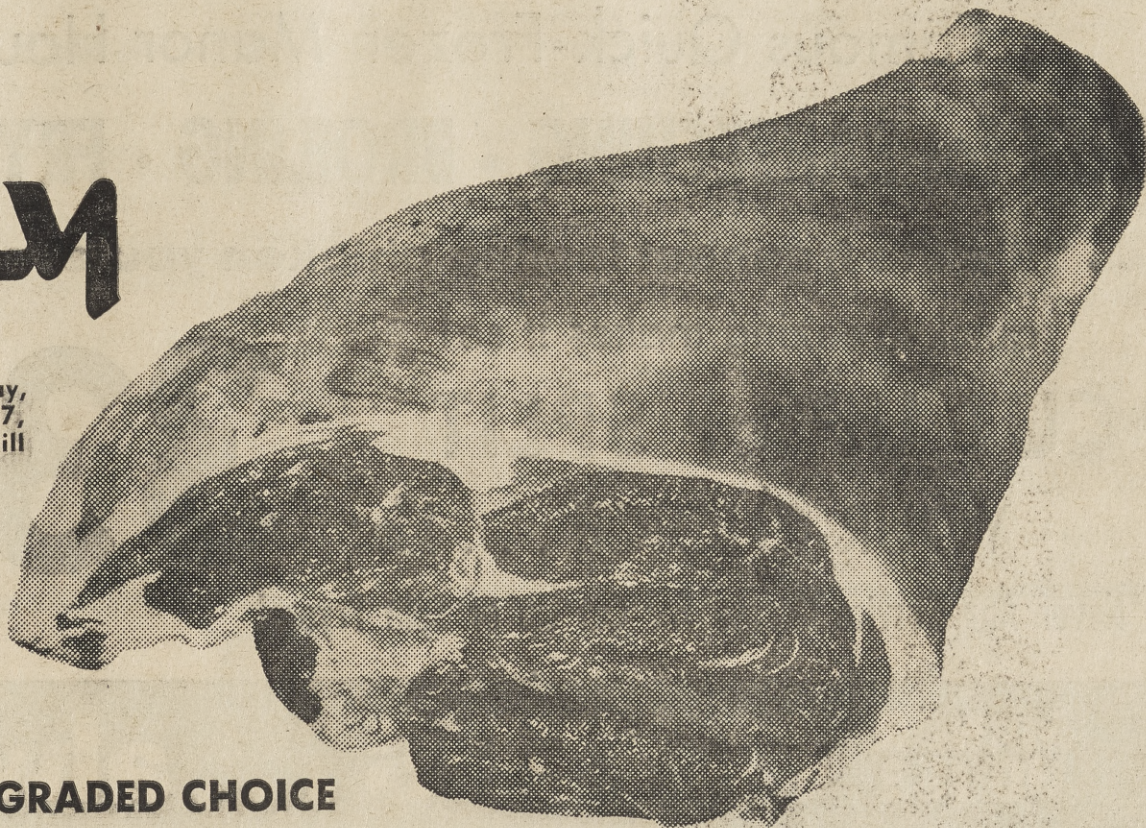

Shade gardening is a subject that could stand having some light thrown on it. For there are degrees of shade, and gardeners who choose the wrong one to plant a certain shrub in are due for disappointment. The California Association of Nurserymen, for instance, is constantly explaining to people who ask to what degree begonias are shade-loving plants. Begonias and many others—fuchsias, for example—are not at their best when given too dense an overgrowth to shade them. Flower production falls off and plants grow spindly. These are ever so much better for planting in filtered sun or even part sun, providing it doesn't come at high noon under valley conditions. **IN DEEP** shade such as you'll find directly under the low branches of trees, it usually pays to be content with non-blooming evergreens. Ferns are an obvious good choice since they thrive in shade of most any sort, so long as moisture is available. A shade garden might well be created around nothing but ferns. Also in shade, the big, bold leaves of fatsia are perfectly adapted both in looks and cultural desires (if they get no sun they tend to become leggy). Aucuba is happy, also, though the gold dust plant which is best-known of the aucubas, looks better where its flecked foliage picks up the sun. Fragrant sarcococca is a natural for dark shade, where its glossy foliage and summer berries always stand out. **WHERE SHADE** is less dense, your selection of flowering material increases.

### Charlotte Chapple, Who Decks Halls with a Flair

Let's decorate HER for a change! We mean Charlotte Chapple of the Flair, the Flourish and the one touch of genius that is needed to decorate some of suburbia's best parties, dances and benefit affairs.

AN EXPERIENCED hand when it comes to turning a gymnasium into Venetian Garden or a bare room into a bit of Old Mexico, she is constantly called upon to come up with ideas for the decorations needed, has a lot of tricks of the trade up her artistic sleeve. The bigger and more bare the room, the better this lady likes it—as long as she has willing workers to help along the way!

**THE NATIVE CALIFORNIAN**, a U.C. graduate and former drama teacher at U.S.C., was seven years with the S.F. Opera Ballet and one of the originators of the S.F. Theater Arts Colony. She's long been active in the Dramateurs, where she not only acts but has directed costuming and stage design as well.

An Orinda resident for 12 years, the Orinda mother of three sons is active together with husband Jim in Cub Scouting. Her activities also include the Orinda Community Church Women's Guild, the AAUW, Linden Branch of Children's Hospital and Orioles Unit of Mt. Diablo Therapy Center.

### Aldo Guidotti Is Advisor

Orinda resident Aldo Guidotti has been appointed to the advisory board for Bank of America's Telegraph Avenue branch in Oakland, it was announced this week by Manager Elmo Cavallero.

The board is made up of prominent citizens in the Oakland area who counsel the branch on matters pertaining to local economic and community development.

An attorney with offices in Oakland, Guidotti is past president of the Temescal Merchants Association and a member of the Alameda County Bar Association. He holds memberships with the North Oakland Optimist Club as well as with the Elks, Lawyers, Colombo and Liberty clubs.

Guidotti, who becomes the sixth member of the branch's present advisory board, resides at 26 La Cresta.

## ORINDA SUN

FRIDAY, JULY 7, 1961

### Cadet L. S. Hill At ROTC Camp

Cadet Lynn S. Hill, son of Earl S. Hill, 9 La Cresta, Orinda, is receiving six weeks of training at the Army Reserve Officer Training Corps (ROTC) summer camp at Fort Sill, Okla. The training is scheduled to be concluded July 28.

During this training cadet Hill is receiving practical experience and instruction in tactical, technical and administrative subjects, with special emphasis placed on the duties of a second lieutenant in an artillery unit.

**THIS TRAINING**, normally conducted between the college student's junior and senior years, is an integral part of the four years of military science instruction received under the ROTC program.

### Newcomers Barbecue Tomorrow

Members of the Newcomers Club of Orinda will hold a barbecue tomorrow at Wildwood Acres, St. Mary's Orchards, Lafayette.

Festivities will begin with cocktails at 6 p.m. Dinner will be at 8:30, with dancing to follow.

Seven new members were welcomed to the club at the May meeting and installation of officers. The club now has a membership of more than 100, according to Louise Hampton, publicity chairman.

The new members are Mesdames Al Borden, Richard Schwarz, Charles Angel, Aymond Krennek, John O'Neil, Ernest Roycroft and Allan Schuyler.

### Orinda Teacher Demonstrates

Mrs. Audrey Dochterman re-she replied, "Oh no, I feel that it helps me to be a better and more conscientious teacher and helps me to help the children to better understand the basic principles of math. Teaching comes first with me—I love it!"

### Thief Enters Home; Steals

A thief who entered the home of Orinda's Valentine Brooks, Sycamore Road, has been arrested by a Piedmont police inspector.

Edward L. Martin, 20, 6394 Telegraph Ave., confessed to entering the home and taking two pairs of binoculars, two radios, seven cameras and a collection of Chinese and United States coins.

All of the loot, except for two coins, was recovered.

## A Call for Help Often Must Wait

Sheriff Walter Young recently cited to supervisors a night when his office received more than 100 calls, but only had 12 patrol cars in the field to handle them.

Young spoke in reply to a statement by the Contra Costa Mayors' Conference which warned against city-level police service for unincorporated areas.

The mayors said that the city residents pay the same county tax as rural property owners plus the added cost of municipal police departments.

Young commented that he has 47 patrolmen to cover 640 square miles and more than 200,000 people.

He noted that he has asked for 46 more men to beef up the force, which operates 24 hours a day. County Administrator J. P. McBrien recommended only 16.

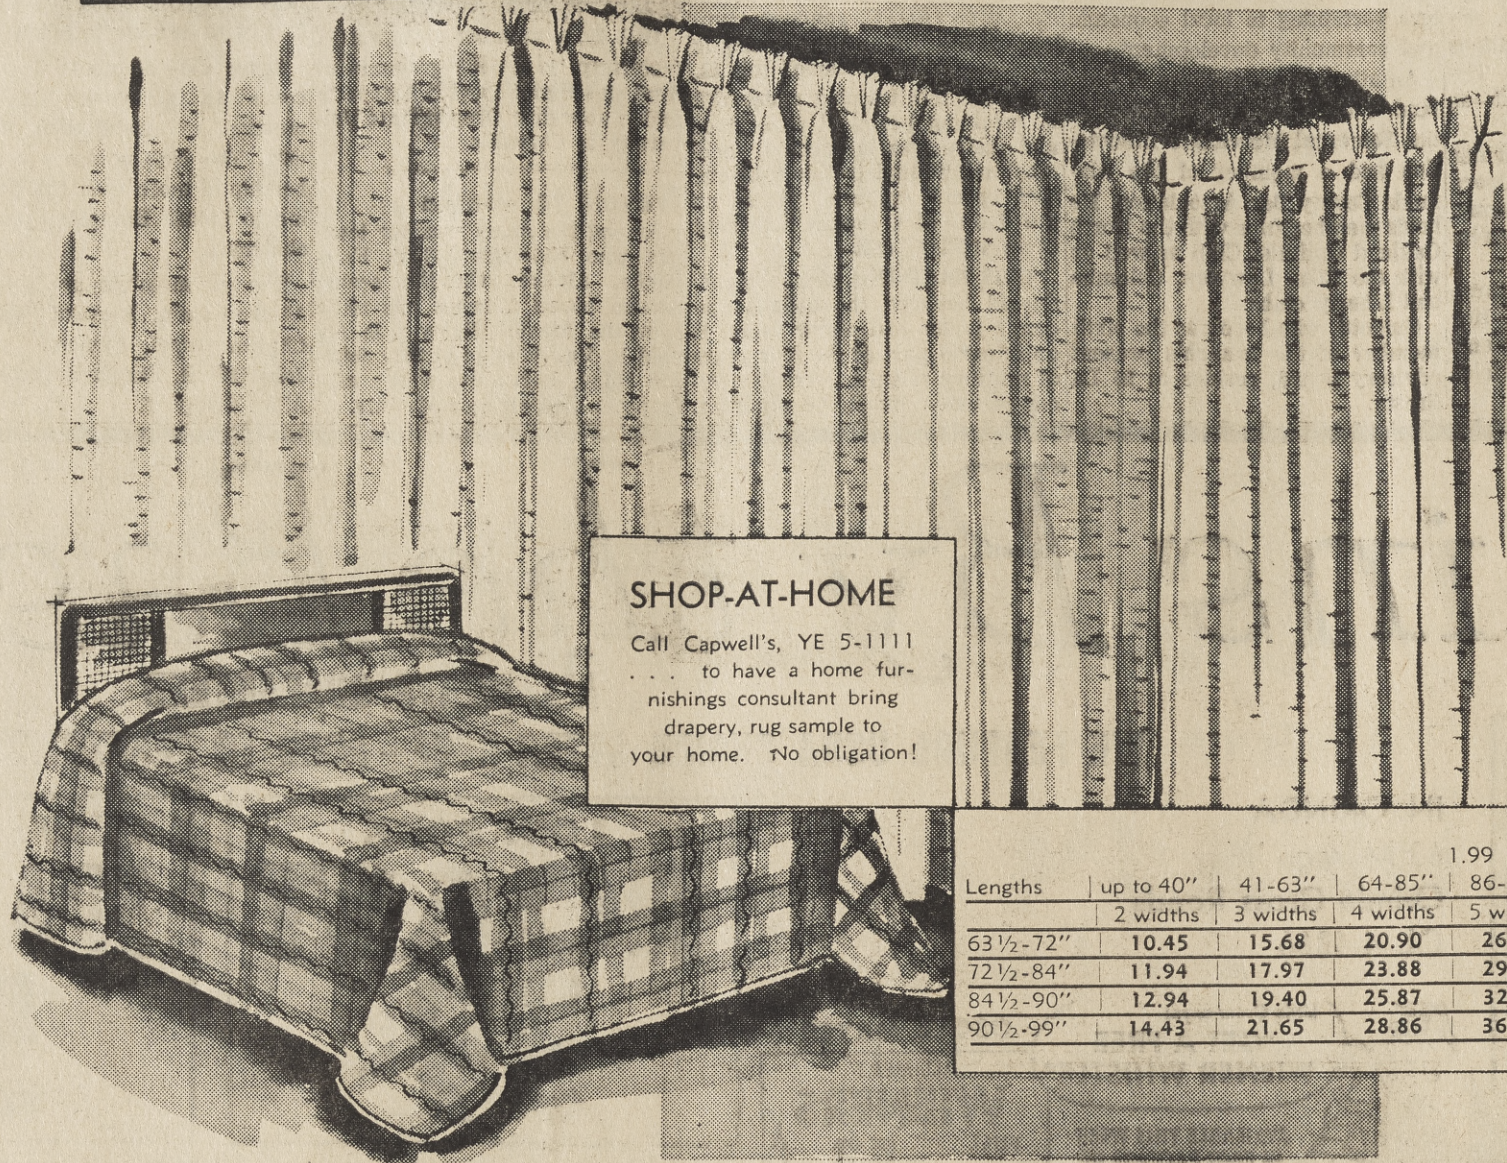

Young noted that his men serve thousands of warrants each year in the cities and the cities also use the county jail, rehabilitation center, the sheriff's bailiffs in superior courts and the county jail transportation system.

## Your Garden

### Pineapple Guava Makes Pretty Garden Shrub

Pineapple Guava is not only good enough to eat, it's good enough to look at. So whether you acquire a taste for the tangy apple, while fruit color is green, tropical fruit or not, it comes highly recommended as a garden shrub.

The gray-green foliage and waxy white blooms with their prominent red stamens are altogether satisfactory by themselves. Harvesting the fruit is like having your cake and eating it too.

The California Association of Nurserymen ranks Pineapple Guava right alongside the Pomegranate as a shrub to be grown as much for its ornament as for its edible fruit. Unlike Pomegranate, however, the Pineapple Guava ripens table quality fruit even in the cooler, coastal areas of the north, thus making it the more versatile of the two shrubs. In addition, it is evergreen and one of the hardiest sub-tropicals.

IF LOOKS alone were considered, Pineapple Guava would stand up like this: Clean, fresh-looking foliage, green on the top-side and silvery underneath. Early summer blooms an inch in diameter with succulent, waxy white petals shaded purple and a cluster of red stamens. Medium height, easily kept to ten feet or under with a light annual pruning.

For those who appreciate a tropical treat, the fruit may be eaten out of hand or used in preserves.

Pineapple Guava is not to be confused with true Guavas which

it resembles in the shape of the fruit only. Fruit flavor is sharper and slightly reminiscent of Pineapple. Fruit color is green, not red or yellow like that of true Guavas. Call it a Feijoa if you want to be technically correct, but any CAN nurseryman will know the "Guava" you mean if you use the common name.

IN GARDEN USE, Pineapple Guava makes an excellent informal screen as well as a specimen shrub. Good rich soil and plenty of water during the summer months are the only cultural needs; and in return, you'll be richly rewarded.

### New Phone Equipment Installed

Installation of new equipment which speeds pay telephone service has been completed in Oakland, Berkeley, Richmond, Hayward and most other East Bay cities, Pacific Telephone announced today.

The change-over, which started in May, means that customers will be able to dial their own calls to most Bay Area points.

OPERATORS now will come in on the line only to collect the initial deposit and any overtime charges. New dialing instructions have been placed on all pay phones, the company said.

Addition of similar new equipment in San Francisco and South San Francisco was recently completed also.

This is another step forward, Pacific Telephone said, in providing improved and faster telephone service for the public.

### Feed Garden Shrubs After Vacationing

Feed roses and other garden shrubs when you return from vacation, and then give everything a good watering.

Select new bearded Iris and divide the old when clumps are crowded.

Feed dahlias an all purpose plant food as you do chrysanthemums, frequently.

When watering pot plants, be sure the soil is soaked through. Plunging them in a tub of water on occasion is a good practice.

Lacklustre begonia leaves usually mean the plants are getting too much shade. A little sun will remedy this.

### Suit Attacks Similar Name

The Walnut Hofbrau of 1262 South Main Street, Walnut Creek, is the object of a suit seeking a permanent injunction filed by Hof-Brau, Inc., of Oakland.

The Oakland firm claims the name of its two restaurants, one in Oakland and the other in San Francisco, was adopted fraudulently.

The suit is directed against Ehle Enterprises, and is asks for \$50,000 damages and \$25,000 exemplary damages.

### Church Ladies Entertain With Luncheon

The executive board of the Christian Women's Fellowship of Lafayette Christian Church will entertain members and guests at a salad luncheon Saturday at the home of Mrs. Chester O. Eslinger, 1344 Reliez Valley Road.

The program will feature Mrs. Harold Mutnick, who will tell of her experiences on a recent trip to Costa Rica.

MRS. WALTER MEYER, president of Lafayette C.W.F. announces the following committee chairmen: Mrs. W. H. Somerton, food; Mrs. Haden Brumeloe, devotional; Mrs. Donald Tunnicliff, reservations; Mrs. Lloyd Smith, Mrs. A. C. Hammon, Mrs. T. D. Hawkinson, hostesses.

A very brief business meeting will begin at 11 a.m., followed by the program and luncheon. A social afternoon will follow, with swimming and cards, according to the tastes of the guests.

### Thieves Urged To Return Dog

During the course of burglarizing the home of George Martinson, 8 Hidden Valley Road, burglars also took the dog, a friendly silver-gray French poodle.

Martinson offers \$50 for the return of the household pet, no questions asked.

The dog, Repo, has been a member of the family circle since he was a pup, five years ago.

### Creek Work Goes to Bid

The improvement of another 1400-foot section of the Las Trampas Creek will move ahead with the opening of bids July 20. The plans have been approved by the Contra Costa Flood Control and Water Conservation District commissioners.

The project includes a concrete structure at the junction with Tice Creek, some riprapping, excavation and other miscellaneous work.

### Mental Health Directory Is Now Available

A mental health resource directory has just been completed and is available it was announced by Aron S. Gilmartin, president of the Mental Health Association of Contra Costa County, a United Crusade agency.

A total of 54 listings includes agencies, schools, treatment centers and hospitals, with data covering locations, eligibility of individuals and families needing specific services, and costs of available services.

Reverend Gilmartin said, "The completed directory represents an outstanding example of cooperative effort used to meet a long unmet community need."

"OUR mental health association was aware of this void, but lacking the necessary funds we were unable to do anything about it."

"However, more recently, staff explored community resources for funds and volunteers to do the job; the results were most gratifying and we are grateful that this task is now completed."

Funds for material and postage was provided by the Walnut Creek Junior Women's Club as part of its mental health program.

A psychiatric social worker, Mrs. Chet Warr of Danville, volunteered time to compile and edit the material.

THE GREATER Mt. Diablo chapter of the American Red Cross made its equipment and offices available.

Mrs. Albert Taylor of Lafayette, president of the Walnut Creek Junior Women's Club, and other members of the club assisted with mimeographing and assembling the directory.

Copies of the directory are available free of charge to members of the medical profession, school guidance personnel, public health and school nurses, health and welfare agencies, ministers, psychologists and others who work in related fields.

## Maybe Plato Should Have Advertised!

First to record that the earth is round was Plato, the Greek philosopher, in 399 B. C.  
But Socrates, who died that same year, is credited with the theory.  
If you believe in experience rather than theory, classified ads are your means to action!  
To sell, rent, find the job or business you're after, call for an ad-writer's help at YE 4-5000, AT 4-4444 or CL 4-4343.  
These folks did, and they are happy:  
David Goodman, 210 Pleasant View Drive, Pleasant Hill, sold power mower. "The response was fantastic," he said.  
T. Gooding, 2341 San Juan Avenue, Walnut Creek, sold a baby perambulator with sun canopy, detachable base.  
Mrs. Edward Vitt of Danville, sold portable typewriter, with case.  
Bob Wilder of 1621 Litina Drive, Alamo, sold a pair of skis and a stereo radio-phonograph in the same ad.

## Merriewood Wins Relays

A large number of parents and children turned out recently to watch the children of Burton and Merriewood schools compete in the Hilltop Relays.  
Merriewood won the event by 185½ points to Burton's 63½ points.  
Outstanding for Burton was Bob Voortmeyer, who took first place in the 50-yard dash, in 6.7 seconds, the baseball throw, standing broad jump and running broad jump.  
The winners in other events were Gary Walkup, Bruce Lyon and Hayward Kaiser in the boys' broad jump, and Sally Whicker, Karin Klitgaard and M. Krouse in the girls' broad jump.  
IN THE standing broad jump Gary Walkup, Hayward Kaiser, M. Krouse, Roxie Durrell and Helen Pangburn took first place.  
The basketball throw was won by K. Frank (fourth grade), Mark Tocchi (fifth grade) and Bob Voortmeyer (sixth).  
Merriewood won all the relay races except the fourth grade girls' relay. The winning teams were: Fourth grade boys, T. Dawson, J. Dacus, G. Walkup, W. Leonard; fifth grade boys, B. Lyon, H. Kaiser, M. Reddy, T. Herring; sixth grade boys, R. Trombly, C. Petley, J. Knoblock.

## Dramateurs Announce Officers

New officers of the Dramateurs were elected recently at a meeting held in the Town Hall, Lafayette.  
Serving as the new president is John Phillips of Walnut Creek. Other officers are Philip Jolley, vice president; John Whitcomb, treasurer, and Sharon Williams, secretary.  
The new sponsor chairman is Mrs. Bert Miller, who will be assisted by Fran VanLobensels. Organizations interested in sponsoring a performance or performances may contact either of these people at YE 5-0948 or AT 3-6623.  
Ticket reservations may be made by calling CL 4-5241, days, or the Town Hall evenings. Clarence Betz of Orinda will again serve as business manager for the Dramateurs.

## Foreman Recommends 18 Month Term for Jurors

Douglas Beasley, foreman of the Grand Jury, has recommended that the State Law be amended to fix the term of Grand Juries at 18 months.  
The recommendation was made in the Foreman's Report to the presiding judge, Thomas F. Fraiga. The report stated: "This change would lessen pressure on the jurors for they could properly budget their time, four months to orient themselves in the work of a grand jury and to carefully organize the committees."  
"TEN MONTHS for a thorough check of the many public bodies in the county and the final four months to carefully develop and complete the committee reports. Incidentally, this amendment would save the taxpayers' money, for the audit would be at 18 instead of 12-month intervals."  
Beasley also recommended that a constitutional amendment be approved by the voters of the state which would reduce the presently required two-thirds vote for the approval of a general obligation bond issue to a lesser percentage.  
He suggested that the boards of supervisors, city councils, school boards, taxpayers' associations and other interested groups take the lead in bringing before the people the related problems of the two-thirds vote and lease purchase.  
ELIMINATION of some committees which have been well covered by recent grand juries was suggested in order to allow creation of new committees to cover other phases of government which have had little, if any, attention in the past.  
Committees which might be eliminated were listed as education and libraries, public buildings and public works.  
Examples of possible new committees are: Special districts, such as East Bay Municipal Utility District and Contra Costa Water District; the Housing Authorities, the courts and the office of the County Assessor.  
It was recommended that one committee have an "open end" so that unforeseen situations could be assigned to it.
